## Specifications

**Overview:**

The LG 24MT48AF-PT.AFB 23.6 inch Wide Viewing Angle LED backlit LCD TV Monitor features a VA LCD panel with 1366 x 768 native resolution and LED backlighting that promotes sharp detail and contrast - even when watching sports and action movies. The TV mode supports HD 720p TV resolution, Refresh Rate of 60 Hz with an Aspect Ratio of 16:9 , a fast GTG 14ms Response Time as well as a massive Dynamic Contrast Ratio of 5000000:1.

For flexible connectivity, this model offers an HDMI input and a USB port that lets you play videos, music or photos from a USB drive without needing to use a PC. Other connection options include a shared composite AV input and a D-Sub VGA input to use as a Desktop PC monitor as well as Built in stereo speakers for you to enjoy your movies or games. You won't have to plug any additional audio device to the monitor to enjoy the most realistic sound.

**Features:**

**Nothing Says Clarity Like the LG 24MT48AF-PT.AFB TV/Monitor**
The LG 24MT48AF-PT.AFB features a bright 23.6 inch display that is backed by the LED technology. This display is capable of producing high resolution pictures that go as high as 1366 x 768 pixels. These resolutions shine a light on the minute details of your content, making it stand out with crystal clarity, vibrant colours and smoother picture production.

**Stereo Sound**
Enjoy your movies or games with the best stereo sound thanks to its incorporated the 2 x 5W speakers. You won't have to plug any additional audio device to the monitor to enjoy the most realistic sound. These speakers deliver tremendous sound the make the visuals on screen come alive.

**USB Automatic Play**
Automatic USB play is one of the most practical functions for this LG TV /Monitor. Your USB content will be played as soon as your devices is connected to the turned on monitor, without need to configure any software.

**The Perfect Addition to Your Home-2 in 1 & Wall Mount**

This LG Personal TV /Monitor can not only be used to watch your favorite shows, live TV broadcasts, etc. but also as a computer monitor. The latter is a feasible option for heavy Internet users or avid movie fans. If you'd rather stick to a watching TV, you'll be glad to know that this set can be mounted on your wall giving you saved space to enjoy better.
