Features:

The next generation Galaxy Watch Active
Meet the next generation Galaxy Watch Active. All fitness watches track data. Watch Active stands apart - it's a fitness watch that actively gives you advice, so you can stay ahead of the game.

Style that won't slow you down
Stay sporty without having to always look the part. Galaxy Watch Active features a discreet, lightweight design so you can comfortably fast-track your way toward the finish line. It also features a variety of stylish straps that are fit for most occasions.

There's beauty in simplicity
Everyone has their own approach when it comes to staying active. That's why Galaxy Watch Active comes with customizable watch faces that combine style and sensibility. So whatever your goal is there's an expression that will match it.

Take it to the extremes
'Daily Activity' lets you achieve your daily healthy goals by being active, exercising, and sitting less. Galaxy Watch Active uses dedicated motion sensors to automatically track seven types of activity*, letting you focus on enjoying your fitness.

Manage your stress levels safely
Galaxy Watch Active comes with an integrated heart rate monitor that will send instant alerts when an abnormal heart rate is detected. It can also read detect stress levels, and you can take Breath Session to bring you back in balance. Check the difference in stress before and after breathing.

Keep your health in check
Integrated with the Samsung Health app, Galaxy Watch Active is your personal health guru. View your health summary in an instant on a single screen, and access dozens of tools that let you manage not just your fitness, but also your wellbeing.

Stay connected on your terms
Keeping you connected, day or night. Galaxy Watch Active lets you send customizable replies using speech-to-text, emoticons

or its intuitive keyboard while your phone is charging on your night stand.

Lead a balanced life
A device that watches over you overnight. Galaxy Watch Active tracks your four stages of sleep so you can be on your way to a full night's worth of rest. You'll wake up the next morning with a clear rundown of just how deeply you spent the hours.

Power up and take charge of tomorrow
Reliability that goes the extra mile for you. Galaxy Watch Active keeps track of your daily activities for over 45 hours on a single charge. It features innovative 'Wireless Power Share' to ensure you're powered up and ready to go in no time.

Wrist full of fun
Galaxy Watch Active connects you to a world of entertainment right from your wrist. With plenty of motivational apps to download you can customize your daily goals and put them to use next time you head out the door.

Put the focus on you
Customized for your convenience. With One UI, Galaxy Watch Active intuitively minimizes clutter and instead focuses strictly on what you want to see. Now you can instantly check what you need,whenever you need it.
