TP-Link TAPO S220 Smart Light Switch 2-Gang 1-Way, SPEC: 868 MHz, 250 V~, 50/60 Hz, 2-Gang, Size 86mm x 86mm, battery powered(2*AAA), 1000 W incandescent, 600 W LED/CFL, In-wall Installation, no neutral wire required, FEATURE: Tapo smart app, Tapo IoT hub required, voice control

Specifications

Features:

- Remote Control - Instantly turn the light on/off wherever you are through the Tapo app.
- Voice Control- Manage your switch with voice commands via Amazon Alexa or the Google Assistant.
- Schedule - Preset a schedule to automatically manage devices.
- Away Mode - Automatically turn the light on and off at different times to give the appearance that someone is home.
- Tool-Free Battery Replacement - Easily replace batteries after installation, no need of other tools.
- No Neutral Wire Required - Super easy wiring. No neutral wire required.
- Hub Required - The Tapo Hub is required to support all smart features.

Control from Anywhere
Unsure you turned off the light in the other room? Just check the Tapo app and turn off the lights from the comfort of your bed.

Hands-Free Control
No matter how many boxes you're carrying, just tell your favorite voice assistant to turn on the lights for you.

Set Schedules & Delayed shutoff
A true smart home runs itself. Schedule when your lights turn on to match your daily routine or set a timer for added convenience.

Enhanced Experience with Smart Actions
With Smart Acitons, your Tapo devices work seamlessly together to create a smarter home. Trigger your switch when motion is detected with the Tapo Motion Sensor. Group lights and devices onto one switch to control the entire room with a single tap.

No Neutral Wire Required
Works in every home without needing to rewire.

Tool-Free Battery Replacement
Allows you replace the batteries by yourself without seeking help from an electrician.

No One Needs to Know You're Away
Forget about leaving a light on for hours while you're out and about. Away Mode lets your switch turn a light on and off like someone's actually home. This deters burglars while saving energy.

Designed for Every Home
Most smart switches require a neutral wire, but Tapo doesn't. Experience every smart feature without paying an electrician to rewire your whole home.

Great Compatibility. No Flickering.
Supports all common types of light bulbs under 1000 W, with no minimum load requirement. No flickering can be guaranteed.

Designed for All Family Members
The Tapo Smart Switch keeps things simple with manual control. Perfect for those who prefer the good old times or those too young for their own phone.

Setup Made Simple
Once you've installed the Tapo app and followed its in-app guide, replace your traditional switch and pair with a Tapo Hub (H100) to begin using your smart switch.

Part of the Tapo Ecosystem
To experience the full features of your Tapo, connect it to a Tapo Hub (H100 or H200) for a truly connected home.
