Performance tier: Mid-range

Uses: Daily commuting, work, school, travel, carrying tech accessories and laptops

Overview:

Port Designs Portland II Eco 14/16" Laptop Backpack: Sustainable Comfort Meets Everyday Functionality

Smart, Sustainable Design for Modern Lifestyles

The Port Designs Portland II Eco 14/16" Backpack blends practicality, style, and eco-conscious construction for those navigating busy urban environments. Whether you're commuting, traveling for business, or heading to class, this lightweight yet durable backpack is tailored to meet the demands of your daily routine without weighing you down.

Made with sustainability in mind, the backpack uses eco-friendly r-PET materials derived from recycled plastic bottles. Both the outer 600D polyester shell and the inner 210D lining are fully recyclable, offering a reduced environmental impact without compromising on performance or design. If you're looking for a laptop backpack that reflects your commitment to the planet, the Portland II Eco is a standout choice.

Reliable Protection for Your Tech and Essentials

Inside, a dedicated padded compartment securely fits laptops up to 16 inches (38.5 x 26 x 3.5 cm), protecting your device from bumps and scratches. The fully cushioned structure and quilted interior offer extra peace of mind when you're on the go. With a 10-litre main compartment, there's plenty of space for books, folders, or daily gear. A large front zipper pocket keeps small items like your phone, charger, or pens easily accessible when you need them most.

Comfort Designed for All-Day Wear

Engineered for extended use, the Portland II Eco features quilted shoulder straps and a padded back panel to help reduce fatigue and promote airflow. The ergonomic design allows for a more comfortable fit during long commutes, airport dashes, or full-day schedules. Subtle royal blue accents add a modern, professional touch to its clean black aesthetic, making it versatile for both business and casual settings.

A Smarter Way to Stay Organised

Every element of the Portland II Eco has been designed with convenience in mind. From quick-access compartments to thoughtful internal layout, this backpack helps you stay organised and efficient throughout your day. Its compact form factor ensures it doesn't feel bulky, even when fully loaded.

Features:
