Specifications

Overview

The C9655 is the perfect addition to any business. This high performance, cost effective colour printer has the speed, volume and flexibility to handle all the day's demands with ease - be it general office printing or in-house creative graphics work.

Meeting a wide variety of business print needs, the C9655 can produce professional looking documents of all sizes, including large format spreadsheets, A4 booklets with heavyweight covers, 1200mm long Gantt charts and oversized A3 designs.

High speed, high quality colour: The C9655 produces perfect colour and print quality, every time. Excellent A4 print speeds of 36ppm colour and 40ppm mono will maximise the productivity of the workgroup, keeping the work flowing. The C9655 offers highly accurate colour results, incorporating Graphic Pro colour management which provides the tools to download colour profiles to the printer's Hard Disk Drive for specific colour matching. The unique combination of ProQ2400 Multi-level technology and High Definition toner gives a better level of detail, greater colour depth, reduced grain and a high gloss feel. This means exceptional print results, each and every time.

Versatile and reliable: With this outstanding versatility comes the utmost reliability. The C9655 incorporates advanced digital LED technology and a single-pass paper path that ensures smooth, trouble free working. High levels of control are also built in to provide essential network security and prevent unauthorised use.
