OKI C841CDTN A3 Colour Laser Printer

Product Overview

OKI C841CDTN A3 Colour Laser Printer, C841DN with 2nd tray and cabinet

Specifications

Overview:

Showcase all your creative ideas with superb quality high definition colour output you can rely on. With 1200 x 1200dpi print resolution the C841 enables you to print rich vibrant colours with greater sharpness of detail, so you get crisp clear text, finer lines and smooth gradations. You also get fast print speeds, flexible paper capacity, high capacity toners and low running cost.

Features:

Excellent colour made easy
You don't need any special skills or training to get the best out of your C841. It has superb 1200 x 1200dpi output quality producing rich vibrant colours with greater sharpness of detail, crisp clear text, finer lines and smooth gradations. There's a Photo Enhance setting for printing sharp, photo-like pictures.

Rapid print speeds
Thanks to a flat paper path, fast processing speeds and low temperature fusing the C841 delivers A4 documents at speeds of up to 35 pages per minute (ppm) and A3 documents up to 20ppm in both colour and mono. And that's not all. It's powerful 800MHz processor, 256MB RAM (expandable to 768MB) and PCL/PostScript3 emulations make working with large and complex documents as easily as small and simple ones. An optional 16GB SDHC memory card accommodates forms and font storage for improved efficiency and enables confidential documents to be encrypted and stored for maximum security. The printers numeric keypad makes secure document retrieval quick and easy.

Versatile media handling
Your team can do so much more with the C841. Documents can be any size from A6 postcards, right the way up to A3 and beyond to 1321mm banners. It handles paper weights from as light as 64 to as heavy as 256gsm, and it has a standard 400-sheet paper capacity that can be expanded 1,990 sheets for more printing with fewer interruptions.

Support your environmental objectives
The C841dn and C841cdtn come with automatic two-sided printing as standard (optional on the C841n), helping people to reduce paper usage and saves money. Long life drums and toner cartridges which last up to 10,000 pages each, mean less

waste and packaging. Deep Sleep mode - reduces energy consumption to less than 1W and Auto-Off mode automatically powers off the device after extended periods of non-usage.
