Performance tier: Standard home and office

Uses: Connecting multiple devices, powering high-wattage appliances, home electronics, office equipment, kitchen appliances

Overview:

Microworld 3-Way Multiplug 3 x 16A with Overload Protection
The Microworld 3-Way Multiplug provides a reliable and safe solution for connecting multiple devices to a single power outlet. Designed for high-capacity usage, this multiplug ensures protection against electrical overloads, making it ideal for both home and office environments. Its molded plug and durable cord enhance safety and longevity, offering peace of mind with every use.

Description:

This 3-way multiplug comes with three 16A sockets and built-in overload protection to safeguard your devices. The molded plug and cord provide durability and secure connections. Perfect for high-power appliances, it delivers convenience and safety in one compact design.

Features:

Durable Design for Everyday Use

The multiplug is crafted with a molded plug and cord, ensuring durability and long-lasting performance. It withstands regular wear and tear, making it ideal for continuous use in busy households or workspaces.

Enhanced Safety with Overload Protection

Overload protection is built into the Microworld multiplug to prevent electrical hazards. This feature helps protect your devices from power surges, giving you extra safety and confidence when connecting multiple appliances.

High-Capacity Connectivity

Equipped with three 16A sockets, this multiplug can handle high-power devices efficiently. It allows you to connect several appliances simultaneously without compromising on performance.

Compact and User-Friendly

The multiplug's compact design makes it easy to place in any room or workspace. Its user-friendly layout ensures convenient access to all sockets while minimizing cable clutter.

Reliable Solution for Home and Office

Whether you need to power computers, kitchen appliances, or other high-wattage devices, the Microworld 3-Way Multiplug offers a safe and practical solution for everyday electrical needs.
