Specifications

About this product

The Port Designs Courchevel 17.3" Clamshell Case delivers robust protection for large laptops with its ballistic nylon shell and metal-reinforced frame, combining professional styling with secure clamshell access for travel or business use.

Overview Summary

Performance tier: Professional travel grade

Uses:17.3" laptop transport, business travel, mobile workstation protection

The Port Designs Courchevel 17.3" Clamshell Case is crafted for professionals who carry large notebooks and demand durability without sacrificing style. Its outer shell of 1680D ballistic nylon, combined with a metal inner frame and full-open clamshell zipper design, allows easy access while securing your device via an internal Velcro safety strap. Developed in Paris, this case brings a sleek yet rugged aesthetic to your commute.

Inside you'll find a dedicated tablet pocket (up to 10") and a large front organiser compartment for accessories, chargers and stationery. With trolley strap compatibility and a removable shoulder strap, it is optimised for mobile work-life in South Africa and beyond.

Overview

A Clamshell bag designed to carry and protect your 17,3" laptop and tablet within dedicated compartments and pocket. The resistance and removable shoulder strap allow you to carry your bag on your shoulder more comfortably while a back strap allows you to carry it on a trolley . The large front pocket will allow an easy access to the items you need the most (phone, pens, business cards, chargers etc...).

Description

The Courchevel 17.3" Clamshell Case by Port Designs is designed to carry and protect large-format laptops up to 17.3", while offering travel-friendly features and professional ergonomics. Its clamshell zipper opens fully around the structural metal frame, enabling the bag to lie flat and allowing rapid access to your device and accessories. The outer fabric uses 1680D ballistic nylon-a material known for its outstanding resistance to wear and tear-while the inside lining is crafted from R-PET 210D polyester for a sustainable, durable finish.

Internally, the main compartment features a Velcro-style safety strap to secure your laptop even if the bag is opened abruptly, and there is an integrated tablet pocket for devices up to 10". A generous front organiser section accommodates power bricks, cables, pens and business cards, helping you keep your work gear neatly arranged. On the exterior, an ergonomic handle, removable shoulder strap and rear trolley strap make this case highly suited for upright travel on suitcase handles or in transit.

Whether you are commuting within Johannesburg, heading overseas or simply want a high-quality protective solution for your large notebook, this case blends sleek design with functional durability.

Features

Key features of the Courchevel 17.3" Clamshell Case include:

- 1680D ballistic nylon outer shell for superior durability and abrasion resistance.
- Metal-reinforced internal frame combined with clamshell zipper opening allows full 180-degree opening around the bag for better access and device security.
- Internal Velcro laptop strap ensures your notebook stays firmly in place during transit.
- Dedicated tablet pocket fits devices up to 10"-ideal for hybrid work setups.
- Large front accessory pocket with organiser compartments for chargers, cables, pens and business cards.
- Removable and adjustable shoulder strap plus ergonomic handle provide flexible carrying options. Trolley strap on the back enables attachment to rolling luggage.
- Lightweight design (approx. 775 g) despite sturdy construction, supporting daily commuting or travel use.

FAQ

Q: Is this case suitable for a 17.3" gaming laptop?

A: Yes - the Port Designs Courchevel 17.3" Clamshell Case supports laptops up to 17.3" and features a roomy internal compartment of approx. 420 x 280 x 40 mm, so it can accommodate most 17.3" notebooks comfortably.

Q: Can I fit a tablet and accessories in the same case?

A: Absolutely - there is a dedicated tablet pocket for up to 10" devices and a front organiser compartment for accessories such as chargers, cables, pens and business cards.

Q: Is the shoulder strap included and can I travel with it on my trolley?

A: Yes - the removable shoulder strap is included and the bag features a built-in trolley strap for secure attachment to rolling luggage, making it travel-friendly.

Q: What materials are used and how durable is it?

A: The outer shell uses 1680D ballistic nylon and the inner lining uses R-PET 210D polyester. The bag also incorporates a metal-reinforced frame and is described by the manufacturer as "sturdy yet lightweight."
