Manhattan Black Wired Optical Gaming Mouse

Product Overview

Manhattan Wired Optical Gaming Mouse - USB, Six Button with Scroll Wheel, Adjustable DPI, LED Lighting, Black, Retail Box

Specifications

Overview:

The Manhattan Wired Optical Gaming Mouse combines modern design with advanced precision and high-stabilization performance. Its top-mount push-button instantly shifts resolution from 800, 1200, 1600 and 2400 dpi to suit a wide range of applications, including gaming or daily computing tasks. Its full-sized shape and six-button configuration provide direct access to essential commands with minimal wrist movement. A non-slip texture applied to critical surfaces provides a secure, comfortable grip. Plug-and-play capability and Windows and Mac OS compatibility offer quick and easy installation.

Features:

- Precise, accurate optical sensor and sturdy construction for agile, reliable performance
- Ergonomic shape for the most comfortable hand positioning and wrist support to reduce fatigue, even during prolonged use
- Low-friction base for smooth gliding over most surfaces and ultimate control, whether in targeting an enemy or attacking a spreadsheet
- Top-mount, push-button control to instantly shift resolution from 800, 1200, 1600 and 2400 dpi, perfect for daily work or gaming
- Color-changing LEDs to clearly and subtly highlight the mouse in low-light situations
- Six easy-to-reach buttons at your fingertips for comfortable, lag-free control
- Extra-long braided cable with Ferrite core to strengthen connections without sacrificing accuracy and performance
- Plug-and-play installation; Windows and Mac compatible
