Streamline productivity with screens for every project
Multi-task without disruptions across multiple displays with a 3-sided micro-edge bezel on each screen. Get stunning visuals from the 1920 x 1080 resolution, 16:9 aspect ratio, 60.45 cm (23.8") diagonal IPS screen and over 2 million pixels.

Out-of-this-world color right out of the box
Consistent, accurate color between displays and from project to project is easier than ever with factory color calibration from the very first time you power on.

Quality from the start
We rigorously test each HP Z Display to help ensure it's a reliable, long-life visual solution, and back it up with the HP Zero Bright Dot Guarantee, HP's most stringent pixel policy, which replaces the screen if even one bright sub-pixel fails.

Big ideas for small spaces
Make the most of your available workspace by mounting powerful machines like the HP Z2 Mini Workstation directly behind the display for a compact, efficient, single-footprint solution.
