Specifications

Features:

Protect Your Eyes and View in Comfort
Flicker Safe and Reader Mode help maximize visual comfort by protecting your eyes from harmful blue light and reducing the flicker level to almost zero.

Preset Customized Options with just a Click
OnScreen Control and My Display Presets allow you to easily customize monitor settings with a few clicks of a mouse.

Customize Your Workspace for Multitasking
Screen Split divides the display for different tasks by resizing the windows on the screen. With PIP Mode you can work while watching a video in a window floating on the screen.

Offers Improved Color Vision to Color Weakness
Color revision algorithms are used to help those with color weakness who have difficulty distinguishing certain ranges of colors can view all the important content.
