Dell UP3216Q 32" UltraSharp PremierColor Ultra HD Monitor

Product Overview

Dell UP3216Q 32" UltraSharp PremierColor Ultra HD Monitor, (3840 X 2160) - DP, mDP, HDMI

Specifications

Features:

Ideal coverage for every color professional.
The UP3216Q features PremierColor for precise, accurate colors right out of the box, and the ultimate color coverage and precision experience.

- UP3216Q with PremierColor now offers a wider color coverage with 100% REC 709 and 87% DCI-P3 in addition to 99.5% Adobe RGB and 100% sRGB, which were available previously in the predecessor. The two new color spaces are ideal for color-critical projects that rely on industry standards, and are typically used by content production professionals.
- This 31.5-inch monitor comes factory-color calibrated with a deltaE of less than 2, so you can count on precise, consistent colors right out of the box.
- Reveal a high level of detail, even in dark areas, with a color depth of 1.07 billion colors.
- Fine-tune your colors using the Custom Color mode, or make further adjustments with the user-accessible hardware look-up table (LUT).
- Calibrate the monitor in-house using Dell UltraSharp Color Calibration Solution software with the optional X-Rite i1Display Pro colorimeter (sold separately).

Magnificent clarity for exceptional detail.
Whether it's graphic design, video editing, animation or professional photography, the Dell UltraSharp 32 Ultra HD 4K Monitor with PremierColor - UP3216Q encourages you to hone in on the finest details to give your work the attention it deserves.

- See more in Ultra HD 3840 x 2160 for four times the resolution of Full HD.
- With extremely high pixel density, the tiniest details in videos and images are revealed for uncompromising picture quality.
- Do more with a 31.5" screen, giving you more room for your most important projects.
- Get a clear and consistent view of undistorted colors across an ultra-wide 178 degrees/178 degrees viewing angle.
- Keep your virtual workspace tidy with the Dell Display Manager's Easy Arrange feature that lets you neatly display windows side by side.

Enhanced flexibility. Comprehensive connectivity.
Quickly adjust your monitor to comfortably fit the way you work.

- Tilt, swivel and adjust the height of your monitor to maximize viewing comfort.
- Get extensive connectivity with a larger bandwidth. HDMI 2.0 allows 4K content to be transferred at 60Hz for uncompromising picture quality.
- The UP3216Q also features DisplayPort, mini DisplayPort, 6-in-1 media card reader and HDMI 2.0/MHL 2.0 with HDCP 2.2 for uncompromising picture quality with digital connectivity and copy protection.

Eco-conscious endeavors.
The Dell UltraSharp 32 Ultra HD 4K Monitor with PremierColor | UP3216Q meets the latest regulatory and environmental standards.

- ENERGY STAR® Qualified
- EPEAT® Gold Rated
- TCO Certified Displays
