Specifications

Features:

A QHD hub monitor optimized for productivity

- QHD Screen:Optimized to deliver high performance details and clarity.
- Extensive connectivity:Easily connect to your devices with DisplayPort (in), DisplayPort (out), USB-C, RJ45, HDMI, 4x SuperSpeed USB 5Gbps and more.
- Expand your efficiency:Boost productivity by up to 41% by expanding your desk with a keyboard, mouse and connecting dual productivity hub monitors via Dell Express Daisy Chaining - a feature that allows automatic detection of the second display, skipping the manual step of changing OSD settings. Boost your efficiency even further with the multitasking tools of Dell Easy Arrange.

Comfortable and efficient productivity

- Designed with wellness in mind:ComfortView Plus- an always-on, built-in low blue light screen- reduces potentially harmful blue light emissions without compromising color.
- Color consistency comes standard:See consistent, vibrant colors across a wide viewing angle enabled by In-Plane Switching (IPS) technology. With 99% sRGB coverage, you get precise colors right out of the box.
- Moves with you:Optimize your monitors orientation by tilting, swiveling and pivoting the height to a maximum of 150mm.

Turn your workspace into an organized productivity hub

- Extensive connectivity:Easily connect to your devices with DisplayPort (in), DisplayPort (out), USB-C, HDMI, 4x SuperSpeed USB 5Gbps and more.
- Clutter-free setup:Your monitor serves as your own productivity hub with RJ45 for wired Ethernet connectivity and USB-C providing up to 90W power delivery, all in a clutter-free setup.
- Jumpstart productivity:Simply press the monitor power button and the power sync feature seamlessly starts your monitor and

connected Dell PC, even when the laptop lid is closed. Compatible with select Dell PCs.

Advanced multitasking with Dell Display Manager

- Productivity at every level:Easy Arrange allows you to easily tile multiple applications across one or more screens with 38 pre-set window partitions and the ability to personalize up to five windows, giving you improved multitasking abilities.
- Seamless transitions:The auto-restore feature remembers where you left off, so applications will go back to where you left them, even after youve unplugged.
- The key to convenience:Shortcut keys can save you even more time, letting you easily configure your display management settings so you can get to work faster.
- More ways to manage:Asset management reports allow IT managers to quickly capture and track monitor information as well as configure multiple monitors at once through a single setup.

Green thinking: for today and tomorrow

- Environmental standards:This monitor uses 85% PCR (Post-consumer Recyclable) plastic in the design and meets the latest environmental standards such as EnergyStar, and TCO Certified Edge, and is EPEAT Gold registered.
- Eco-conscious packaging:Designed with the environment in mind, Dell commercial monitors come in 100% recyclable cardboard packaging.
- Energy conservation:Save energy with PowerNap, a feature that dims or puts your monitor to sleep when your monitor is not in use.
- Advancing sustainability:Dell Technologies is committed to reducing environmental impact throughout the product lifecycle. Read more about our commitment to sustainability and our 2030 Social Impact goals here, and our products carbon footprint here .
