

210-BWPH

Dell 210-BWPH Pro 22 E2226HS 21.5" IPS Full HD 1920x1080 Monitor, DP, HDMI, VGA

Product Overview

Dell 210-BWPH Pro 22 E2226HS 21.5" IPS Full HD 1920x1080 Monitor, 8ms GTG response time, 16:9 Aspect Ratio, 178 degree viewing angle, 130 mm Maximum adjustable height, Tilt, Swivel, Pivot, 1920x1080 at 100Hz maximum Resolution, 16.7 million colours supported, 1000:1 Native contrast ratio, 300 nits brightness, 72% NTSC Colour Gamut, 2x 2W Speaker Output Power, 1x HDMI Port, 1x DisplayPort 1.4, 1x VGA Port, 100x100 mm VESA Mount Standard

Specifications

Overview Summary:

The Dell Pro 22 E2226HS is a 21.5-inch Full HD IPS monitor built for comfortable everyday productivity. With a 100Hz refresh rate, adjustable stand, built-in speakers and HDMI, DisplayPort and VGA connectivity, it offers flexible performance for modern and legacy systems. Buy now for a practical, versatile display solution.

Its height, tilt, swivel and pivot adjustments help create a comfortable workspace, while low blue light technology and TÜV Rheinland 3-star eye comfort support extended use. Shop now and upgrade your home or office setup with the Dell Pro 22 E2226HS.

Performance tier:Mid-range productivity

Uses:Office work, home office, business computing, web browsing, spreadsheets, document editing, multitasking, video viewing

Overview:

Dell Pro 22 E2226HS 21.5 Inch Full HD IPS Monitor

The Dell Pro 22 E2226HS is a practical 21.5-inch Full HD IPS monitor designed for productive and comfortable everyday computing. With a 1920x1080 resolution, 100Hz refresh rate, 300 nits brightness and wide 178 degree viewing angles, it delivers clear and consistent images for office work, home use, web browsing and general multimedia. The height-adjustable stand also provides tilt, swivel and pivot adjustment, making it easy to create a more comfortable workstation.

Description:

Designed for modern workspaces, the Dell E2226HS combines useful connectivity, ergonomic adjustment and eye comfort technology in a compact display. Its IPS panel provides consistent colour and image quality across a wide viewing angle, while the 100Hz refresh rate helps make scrolling and on-screen movement feel smoother.

The monitor incorporates hardware-based low blue light technology that reduces blue light emissions to 50% or less without significantly compromising colour quality. It is also TUV Rheinland 3-Star certified for eye comfort, making it well suited to users who spend extended periods working at a screen.

For added convenience, integrated dual 2W speakers provide audio without requiring separate desktop speakers. An intuitive OSD joystick makes it straightforward to navigate the monitor settings, while the slim bezel design provides a clean

appearance and reduces visual distractions.

Features:

Clear Full HD Display for Everyday Work

The 21.5-inch IPS panel provides Full HD 1920x1080 resolution with up to 16.7 million displayable colours. A 1000:1 native contrast ratio and 300 nits brightness help produce clear images for documents, spreadsheets, websites, presentations and everyday media.

Key display details include:

- 21.5-inch IPS display
- 1920x1080 Full HD resolution
- 100Hz maximum refresh rate
- 8ms GTG response time
- 178 degree horizontal and vertical viewing angles
- 16:9 aspect ratio
- Up to 16.7 million colours
- 72% NTSC colour gamut
- 1000:1 native contrast ratio
- 300 nits brightness

The 100Hz refresh rate reduces visible flicker and provides smoother scrolling and more consistent motion compared with conventional 60Hz displays, making everyday desktop use more comfortable.

Adjustable Ergonomic Stand

The Dell Pro 22 E2226HS is built to adapt to different desk setups. Its versatile stand allows you to adjust the screen position throughout the working day, helping you maintain a more comfortable viewing position.

The stand supports:

- Height adjustment up to 130 mm
- Tilt from -5 to +21 degrees
- Swivel from -173 to +173 degrees
- Bi-directional pivot up to 90 degrees
- 100x100 mm VESA mounting compatibility

Built-in cable management helps keep connections organised, while VESA support gives you the option of using a compatible monitor arm or wall mount.

HDMI, DisplayPort and VGA Connectivity

A useful selection of ports allows the E2226HS to connect to both current and legacy computers. HDMI and DisplayPort support Full HD at up to 100Hz, while VGA supports Full HD at up to 60Hz.

Connectivity includes:

- 1x DisplayPort 1.4 with HDCP 1.4
- 1x HDMI with HDCP 1.4
- 1x VGA
- Built-in dual 2W speakers
- Security lock slot
- Power connector

The supplied cables include a 1.8 m power cable and a 1.8 m HDMI 1.4 cable.

Comfortable Viewing and Easy Controls

The hardware low blue light system is designed to reduce potentially harmful blue light emissions while retaining usable colour performance. Combined with the TUV Rheinland 3-Star eye comfort certification and 100Hz refresh rate, the monitor is suited to long working sessions.

The OSD joystick provides quick access to display settings, while the wide viewing angles of the IPS panel help maintain consistent visuals when viewing the screen from different positions.

Dell Display and Peripheral Manager

The monitor can be used with Dell Display and Peripheral Manager to help optimise a compatible Dell PC workspace. The software includes productivity tools such as Easy Arrange, which allows applications to be organised across preset or customised screen layouts.

Users can also automate brightness and contrast settings according to their schedule. For businesses managing larger numbers of compatible Dell displays and peripherals, device management tools can help simplify fleet administration.

Designed With Sustainability in Mind

The E2226HS incorporates recycled materials into its design, including up to 95% post-consumer recycled plastic, up to 16% recycled steel and 20% recycled glass. The monitor is ENERGY STAR certified, EPEAT Gold registered with Climate+ and carries TCO Certification and TCO Certified Edge credentials.

Its packaging is made using 100% recycled or renewable materials, supporting Dell's efforts to reduce the environmental impact associated with product packaging.

Compact Size for Flexible Workspaces

Despite offering a fully adjustable stand, the monitor remains compact enough for smaller desks and multi-monitor setups. The display measures 488.06 mm wide and 286.09 mm high without the stand, while the stand provides a maximum monitor height of 471.53 mm when fully extended.

Dimensions include:

- Monitor width: 488.06 mm
- Monitor height without stand: 286.09 mm
- Monitor depth: 55.85 mm
- Monitor height with stand, extended: 471.53 mm
- Monitor height with stand, compressed: 341.53 mm
- Stand width: 257.02 mm
- Stand depth: 211.60 mm

The monitor weighs 3.92 kg with the stand and cables attached, or 2.19 kg without the stand and cables.

Dell E2226HS Part Number and SKU

For ordering and product identification, the part number / SKU is MNDE210-BWPH. The Dell part number is 210-BWPH, with the order code listed as E2226HS and manufacturer part 285DT.

Why Choose the Dell Pro 22 E2226HS

The Dell E2226HS is a strong choice for offices, home workstations, reception desks, education environments and general desktop computing. Its Full HD IPS panel, 100Hz refresh rate, ergonomic stand, integrated speakers and HDMI, DisplayPort and VGA connectivity provide the flexibility needed for a wide range of everyday applications.

With eye comfort technology, wide viewing angles and a space-conscious design, it provides a balanced combination of image quality, connectivity and ergonomic usability without adding unnecessary complexity.
