Norton Security Standard For PC/Mac - 1 Device User

Product Overview

Norton Security Standard For PC/Mac - 1 Device User, Retail Packaging

Specifications

Overview:

Norton Security Standard delivers comprehensive protection against online threats to help keep your computer, your identity and financial data safe from cybercrime. Unlike free antivirus software and other security solutions, Norton leverages our global threat intelligence and advanced technologies to track down and eliminate threats-even the brand new ones. Your online life and real life are merging into one seamless experience, and you need security that can keep viruses, identity theft, and other digital threats from becoming real-life headaches.

Highlights:

- Norton Security Standard secures your PC or Mac -
- A physical activation key code will be mailed to you (select 'PC/Mac Download' option for instant download of activation code)
- Antivirus is included, and your protection is always up-to-date
- Defends against spyware, malware, and unsafe websites, while safeguarding your identity and online transactions
- Norton consistently outperforms the competition in independent, head-to-head tests
- Winner of AV-TEST's coveted Best Protection Award and 37 time winner of PC Magazine Editor's Choice Award
- 100% guarantee that helps keep you virus free or your money back!

Features:

Protect what matters with the best.

Your online life and real life are merging into one seamless experience, and you need security that can keep viruses, identity theft, and other digital threats from becoming real-life headaches.

We see more, analyze more and stop more online threats.

Hackers are more sophisticated than ever before, and they use a diverse arsenal of tools to gain access. But Norton does more. As the threats get worse, we just keep getting better. Our teams of security experts are constantly analyzing new threats and devising new ways to protect your devices from them.

ComX Computers

Product Specification Sheet

We focus exclusively on security, and we're the best at it.

Our combination of dedication and expertise benefits our customers. Norton consistently outperforms the competition in independent head-to-head tests. What does that mean for you? When you buy Norton Security, you're getting one of the best security products on the market today. It's that simple.

We include a protection promise only Norton can make.

We're so confident in our ability to keep you secure, we offer a 100% guarantee: If you get a virus our Norton experts cannot remove, we'll give you a refund. You won't find a better promise than this from free or paid competitors.

Easy to get started

With Norton Security Standard, you can secure your device quickly and easily. Just visit the official website and the guided setup will help you get started to protect your digital life in no time.

Intuitive Dashboard

Norton Security Standard provides a simple view into the protection status of your device. From the web dashboard you can do things like move protection from one device to another. You can even change the name of your devices to make them easier to identify.

Expert Help

Norton Security Standard includes unlimited access to expert help from certified Norton technicians. If at any time you need help, our support agents are ready to assist you 24 hours a day, seven days a week.
