Norton Antivirus Plus 2GB 1 User Device 12 Months

Product Overview

Norton Antivirus Plus 2GB 1 User Device 12 Months

Specifications

Overview:

Norton AntiVirus Plus is designed to protect your connected device as well as your personal information. It can protect your PC or Mac from viruses, ransomware, malware, and other online threats while you bank, shop and browse the internet. It ensures that your personal device is protected from unauthorized access to your personal files and the financial information it stores with the Smart Firewall. Norton AntiVirus Plus also includes always-there member support by NortonLifeLock Member Services & Support Agents. Should the unexpected happen, you'll be covered with Norton's Virus Protection Promise to help restore your devices.

Everyday activities like online shopping, banking, and browsing can expose your information, making you more vulnerable to cybercrime. Norton AntiVirus Plus is designed to provide multiple layers of protection for your PC or Mac, including firewall protection. With the password manager, you can easily generate, store, and sync all your passwords to log into any site more securely.

Note:

Norton AntiVirus Plus offers you protection and device security for 1 device, ranging from either a PC, Mac, smartphone, or tablet device for a duration of 12 months, which can also easily be renewed for longer periods if needed.

Features:

- Real-time protection
- Device Security for 1 PC, Mac®, smartphone, or tablet
- Online Threat Protection against ransomware, viruses, spyware, and malware
- Smart Firewall protects you from suspicious network traffic
- 2GB PC Cloud Backup
- Create, store and manage passwords
- 12-Month Subscription (Can be renewed)
