Lexmark C925 Connectivity Installation Kit

Product Overview

Lexmark C925 Connectivity Installation Kit (Needed to install additional cards in C925)

Specifications

Overview:

Includes the C925 Connectivity Installation Kit

Features:

- The Parallel 1284-B Interface Card installs into the printer's internal port. It supports a parallel 1284-B compliant interface using a 36-pin D-shell female, bi-directional connector.
- It is recommended that a Lexmark 10' Parallel cable (P/N 1021231) or a bidirectional IEEE 1284 complaint cable be used to avoid compatibility problems.
- See the Technical Reference for more information about the parallel interface.
