FAQ

Can the juicer handle hard vegetables?

Yes, with its 300W motor and 2-speed plus pulse function, the Mellerware juice extractor can efficiently process hard vegetables like carrots and beets.

Is it easy to clean after use?

Yes, the removable pulp container and stainless steel filter allow for quick and easy cleaning. Many parts are dishwasher safe.

What is the maximum juice capacity?

The juice container can hold up to 500ml, ideal for individual servings or small family use.

Is the juicer safe to operate?

Yes, the interlocking safety switch prevents operation unless all parts are properly assembled, ensuring safe use.

Can I juice whole fruits?

Yes, the 65mm feeder diameter allows most whole fruits to be juiced without prior cutting.
