Product Overview

Dnake 280M-S8 7" Indoor Monitor - Smart life App version, 7" TFT LCD 800 x 480 Pixel capacitive Touch Screen, Supports up to 8 IP cameras, PoE support, 8 alarm zones, 2x 10/100 Mbps Ethernet Ports

Specifications

Overview:

In todays age, personal and business security is a major area of concern, and we are continuously looking at how to improve our safety. Thus, it has become increasingly important for us to be in a position to see who is at the entrance to business parks, office buildings, residential estates, etc. The DNAKE range provides an IP based video intercom solution for both commercial and residential properties.

The video intercom solution consists of two key parts, namely door stations (outdoor units) and indoor monitors, which combine to provide a high-resolution video feed of visitors at your entrance. The door station allows the visitor/guest to dial the unit/apartment/office, with the built-in camera providing the video feed. This will cause the indoor monitor to "ring" and display the video feed from the door station camera. Now you can talk to the visitor and remotely unlock the door (if the solution has been connected to a magnetic door lock or similar).

The DNAKE video intercom solution is based on standard SIP, ensuring that it can interface with IP Phones (such as Yealink IP Phones) and IP PBX (such as 3CX) for a complete IP solution.

The DNAKE 280M-S8 indoor monitor combines cost-effective with functionality. Offering a 7" touch screen display, the 280M-S8 indoor monitor does not compromise on video quality, while the Linux operating system provides interoperability with third-party software applications such as home automation.

The DNAKE 280M-S8 indoor monitor can support multiple IP cameras (up to 8) and up to 8 zone alarm systems, for complete peace of mind.

Features:

- 7" TFT LCD, 800x480 pixel
- Supports up to 8 IP cameras
- PoE support

- 8 Alarm zones
- 2 x 10/100Mbps Ethernet ports
- Supports SIP, TCP/IP
- Wall mounted

Benefits:

- 7" Capacitive touch screen
- Video monitoring of DNAKE IP intercoms
- HD quality audio and video communication
- 8-Channel alarm input
- User-friendly interface, easy to understand
- Quick installation and remote management via web interface
- Integration of elevator control and home automation
- Compatible with 3CX

Compatible Products:

- 902M-S8
- 904M-S3
- 905D-Y4
- 902D-B9
- 280SD-C12

Specifications	
Product Code	280M-S8
Item	Wireless Door Phone - 280M-S8 - DNAKE Detail:
Physical Property	
System	Linux
CPU	1GHz, ARM Cortex-A7
Memory	64MB DDR2 SDRAM
Flash	128MB NAND FLASH
Display	7" TFT LCD, 800x480
Power	DC12V/POE
Standby power	1.5W
Rated Power	9W
Temperature	-10 degreesC - +55 degreesC
Humidity	20%-85%
Audio & Video	
Audio Codec	G.711
Video Codec	H.264

Display	Capacitive, Touch Screen
Camera	No
Network	
Ethernet	10M/100Mbps, RJ-45
Protocol	TCP/IP, SIP
Features	
IP Camera Support	8-way Cameras
Multi Language	Yes
Picture Record	Yes(64 pcs)
Elevator Control	Yes
Home Automation	Yes(RS485)
Alarm	Yes(8 Zones)
UI Customized	Yes
