Hikvision DS-3WR3N 11n 300m WiFi4 Wireless Router

Product Overview

Hikvision DS-3WR3N 11n 300m WiFi4 Wireless Router, 2.4GHz 300 Mbps, 3x 100 Mbps LAN Ports, 1x 100 Mbps WAN Port, 2x 5-dBi antennas, Hik-Connect App, Mode supported - Wireless Router Mode / Wireless Repeater Mode / Client + AP / WISP / AP

Specifications

Overview Summary:

The Hikvision DS-3WR3N 11n Wireless Router provides high-performance internet connectivity for home and small office environments. With a speed of up to 300 Mbps and flexible operating modes such as router, repeater, and access point, this router adapts to your unique network needs. It features dual 5-dBi antennas for enhanced coverage and comes with three 100 Mbps LAN ports for stable wired connections. Whether you're streaming, working, or gaming, the DS-3WR3N ensures reliable performance. With easy setup and management via the Hik-Connect app, you can get connected quickly. Shop now for seamless internet access.

Performance tier:Mid-range

Uses:Home networking, office Wi-Fi setup, internet coverage extension, network expansion, gaming and streaming

Overview:

Hikvision DS-3WR3N Wireless Router: High-Performance Connectivity for Your Home or Office

The Hikvision DS-3WR3N 11n 300m WiFi4 Wireless Router is designed to deliver reliable, high-speed internet connectivity with versatile mode options to suit various network setups. With a powerful 2.4GHz frequency and 300 Mbps speed, this router ensures stable performance for your daily internet activities, whether you're working, streaming, or gaming. Its compact design and easy setup make it an ideal solution for both home and small office environments.

Description:

Equipped with 5-dBi amplified antennas and dual 5-dBi antennas, the Hikvision DS-3WR3N ensures optimal Wi-Fi coverage across your space. Whether you're using it as a wireless router, repeater, or access point, this device supports multiple modes, offering flexibility for diverse networking needs. The router features three 100 Mbps LAN ports and one 100 Mbps WAN port, ensuring fast and reliable wired connections when needed. Additionally, it's compatible with the Hik-Connect App, allowing for seamless management and monitoring of your network.

Features:

Key Benefits:

- High-Speed Connectivity: Offers up to 300 Mbps speed for smooth web browsing, streaming, and gaming.
- Enhanced Coverage: Dual 5-dBi antennas provide improved signal strength and broader coverage.
- Multiple Mode Support: Choose from Router Mode, Repeater Mode, Client + AP, WISP, or Access Point, depending on your setup requirements.
- Reliable Wired Connections: Three 100 Mbps LAN ports and one 100 Mbps WAN port for stable wired networking.
- Remote Management: Easily monitor and control your network using the Hik-Connect App.

Versatile and Easy to Set Up

The DS-3WR3N is perfect for various uses, from extending your Wi-Fi coverage to creating a new network setup. Its easy-to-use interface ensures quick installation, even for non-technical users. With its flexible modes, this router can adapt to your changing needs, whether you're upgrading your existing network or setting up a completely new system.

Why Choose Hikvision DS-3WR3N Wireless Router

- Reliable Wi-Fi Coverage: With 5-dBi antennas, it offers consistent and strong performance in larger spaces.
- Customizable Network Setup: Multiple operational modes allow you to tailor your network to your specific needs.
- Ideal for Homes and Small Offices: The compact design and intuitive features make it perfect for everyday internet usage.

Perfect for Small Businesses and Home Networks

Whether you're connecting multiple devices in a busy office or extending your Wi-Fi coverage at home, the Hikvision DS-3WR3N provides the versatility and performance you need. Its multiple modes allow it to easily adapt to your environment, ensuring fast and reliable internet access no matter your setup.

Enhanced Network Management with Hik-Connect App

Managing your network is simple with the Hik-Connect app. Control settings, monitor network traffic, and troubleshoot issues from the convenience of your smartphone or tablet.

Product Compatibility and Setup

This router supports 802.11n Wi-Fi standards, making it compatible with a wide range of devices, from laptops and smartphones to smart home gadgets. Installation is user-friendly, and the router is backward compatible with older Wi-Fi devices, ensuring broad compatibility across your devices.

Conclusion

The Hikvision DS-3WR3N Wireless Router is a versatile, high-performance solution for all your networking needs. Whether you're enhancing your home Wi-Fi or setting up a new office network, this router ensures fast, reliable, and secure internet

Specifications	
Product Code	317200023
General	
Product Dimension (W x H x D)	174.82 mm x 96.45 mm x 181.06 mm (6.88" x 3.80" x 7.13")
Package Dimension (W x H x D)	231 mm x 203 mm x 51 mm (9.09" x 7.99" x 2.01")
Net Weight	0.134 kg (0.295 lb)
Packing List	Wireless Router x 1, Ethernet cable x 1, Quick installation guide x 1
Packing Method	Single pack
Working Temperature	0 degreesC to 40 degreesC (32 degreesF to 104 degreesF)
Working Humidity	10% to 90% RH non-condensing
Storage Temperature	-40 degreesC to 70 degreesC (-40 degreesF to 158 degreesF)
Storage Humidity	5% to 90% RH non-condensing
Installation Mode	Desktop installation
Max. Power Consumption	<= 5.4 W
Gross Weight	0.634 kg (1.398 lb)
Wireless Parameter	
Data Rate	2.4 GHz: 300 Mbps
Wireless Standard	IEEE 802.11b/g/n @2.4 GHz
Transmitting Power	18 dBm
Wireless Performance	Beamforming supported
Receiving Sensitivity	58 +/- 2 dB@AC80 -MCS9
	84 +/- 2 dB@AC80 -MCS0
Antenna	2 high gain antennas
Hardware Parameter	
Network Interface	4 x RJ45, 10/100 Mbps auto-negotiation
LED Indicator	LED indicator
Reset	Reset button
Power Supply Method	9 VDC, 1 A power adapter power supply
Power Specifications	9 VDC, 1 A
Software Function	

ComX Computers

Product Specification Sheet

Application function	Wireless Router Mode, Wireless Repeater Mode, Client + AP, WISP, and AP Mode supported
	DHCP Server supported
	Guest Network Configuration supported
	Signal Adjustment supported
	WiFi Schedule supported
Security Mode	WPA-PSK/WPA2-PSK, WPA/WPA2
Security Mechanism	Hide SSID
Management Method	Web
Upgrade	Web Update and Upgrade
System Log	System log
WAN Mode	DHCP,Static IP,PPPoE
