Specifications

About this product

The Hisense 32A3Q 32 Inch HD Ready LED TV delivers clear 1366 x 768 picture quality in a compact screen designed for everyday entertainment. Natural Colour Enhancer helps produce vivid, natural-looking images, while DTS Virtual:X and Dolby Audio provide enhanced sound for movies, TV and gaming. Game Mode is designed for a more responsive gaming experience, with 2 x HDMI ports including ARC, 1 x USB port and DVB-T2/T/C triple tuner connectivity. Buy the Hisense 32A3Q online for reliable home entertainment in South Africa.

Overview Summary

The Hisense 32A3Q is a 32 inch HD Ready LED TV with a 1366 x 768 resolution, providing a practical display for bedrooms, kitchens, student accommodation, offices and other smaller viewing spaces. Its LED display is supported by Natural Colour Enhancer technology to help deliver more vibrant and natural-looking picture quality for everyday television content.

For entertainment and gaming, the TV features DTS Virtual:X and Dolby Audio for enhanced audio performance, while Game Mode is designed to improve responsiveness when connecting compatible gaming devices. The 2 x HDMI ports include ARC support for compatible audio equipment, while the 1 x USB port provides convenient connectivity for compatible USB devices. The DVB-T2/T/C triple tuner provides integrated broadcast reception without requiring a separate tuner for compatible broadcasts.

Performance tier: Entry-level HD Ready home entertainment

Uses: Television viewing, streaming, bedroom entertainment, kitchen entertainment, gaming, secondary TV, student accommodation

Overview

The Hisense 32A3Q is a small, budget-friendly 32-inch HD Ready TV aimed at bedrooms, kitchens, student rooms, and secondary living spaces. It uses an HD-Ready panel (1366x768) with a Direct LED backlight and a VA-type screen (in many regions) to deliver decent contrast and clear images for everyday TV. Hisense's Natural Colour Enhancer and Noise Reduction

improve color vibrancy and reduce artifacts in lower-quality sources, while Motion Picture Enhancer helps keep fast scenes smoother. Audio is handled by a 2x6W speaker system with DTS Virtual:X and Dolby Audio, which simulates a wider, more immersive soundstage from a basic stereo setup.

Description

The Hisense 32A3Q combines a compact 32 inch screen with HD Ready 1366 x 768 resolution for everyday television viewing. The display is suited to smaller rooms and secondary entertainment areas where a practical screen size and straightforward connectivity are important.

Natural Colour Enhancer is designed to improve colour reproduction and produce a more natural-looking image. The HD Ready display provides suitable picture detail for standard television viewing, while the compact format makes the TV suitable for bedrooms, kitchens, student rooms, offices and other areas where space is limited.

Audio is supported by DTS Virtual:X and Dolby Audio, providing enhanced sound processing for compatible entertainment content. The TV also includes Game Mode for compatible gaming setups, helping optimise the television for gaming use.

Connectivity includes 2 x HDMI ports with ARC support and 1 x USB port, allowing compatible external devices to be connected to the television. The integrated DVB-T2/T/C triple tuner supports compatible terrestrial and cable broadcasts without requiring a separate external tuner.

Features

The Hisense 32A3Q is designed to provide practical everyday entertainment in a compact television format.

- 32 inch HD Ready display: Provides a 1366 x 768 resolution for everyday television viewing.
- LED display technology: Provides an efficient display solution for home entertainment.
