Product Overview

Microworld camera and Phone Tripod 3388 with Remote, Three-Dimensional head, 1.5kg Maximum load, 4 leg sections, 18mm Maximum leg Diameter, 43cm Tripod storage height, 125cm Tripod Maximum height

Specifications

Overview Summary:

The Microworld Camera and Phone Tripod 3388 is a practical and reliable solution for anyone looking to improve stability in photography or video recording. Built with a durable aluminum and ABS combination, it supports both smartphones and cameras with ease. The included remote allows for convenient hands-free shooting, while the 360-degree rotating head ensures flexible positioning for the perfect angle every time.

With an adjustable height up to 125cm and a compact 43cm folded size, this tripod is ideal for both home and on-the-go use. Whether you're capturing content, taking photos, or recording videos, this tripod delivers consistent performance. Buy now and upgrade your setup with a versatile and portable tripod designed for everyday use.

Performance tier:Entry-level

Uses:photography, video recording, content creation, live streaming, mobile filming

Overview:

Upgrade your mobile photography and lightweight camera setup with the Microworld Camera and Phone Tripod 3388. Designed for versatility and ease of use, this compact tripod combines a sturdy build with flexible positioning, making it suitable for content creators, casual photographers, and everyday users. Its lightweight construction and foldable design allow for convenient transport, while the included remote adds hands-free control for capturing photos or videos with precision.

Description:

The Microworld 3388 tripod is a practical solution for stabilising smartphones and compact cameras in a wide range of shooting scenarios. With a three-dimensional adjustable head, users can achieve smooth panning and precise tilt angles for creative framing. The 360 degree rotation capability enhances flexibility, while the durable combination of aluminum and ABS

materials ensures reliability without adding unnecessary weight. Its adjustable height and compact storage size make it ideal for both indoor and outdoor use, from desk setups to travel.

Features:

Flexible Shooting Control

The integrated three-dimensional head allows for multi-angle adjustments, giving you control over both horizontal and vertical compositions. Whether capturing landscape shots, portraits, or video content, the tripod supports smooth movement and stable positioning.

- 360 degree rotating head for full panoramic control
- Tilt range includes 90 degrees downward and 65 degrees upward
- Suitable for both phones and lightweight cameras

Compact Yet Adjustable Design

Built with portability in mind, the Microworld 3388 (Part Number 3388) features a collapsible structure that is easy to carry while still extending to a practical working height.

- Folded height of 43cm for easy storage and travel
- Extends up to 125cm for flexible shooting positions
- 4-section legs allow quick height adjustments

Stable Construction for Everyday Use

Despite its lightweight frame, the tripod delivers dependable support for devices up to 1.5kg. The combination of aluminum and reinforced plastic provides durability while maintaining portability.

- Maximum load capacity of 1.5kg
- 18mm maximum leg diameter for added stability
- Constructed from high-quality ABS and aluminum

Convenient Remote Operation

Included with the tripod is a remote control, enabling hands-free shooting. This is particularly useful for group photos, vlogging, or reducing camera shake during captures.

- Wireless remote for easy photo and video triggering
- Ideal for solo creators and content recording

What is Included

- 1 x Microworld Camera and Phone Tripod 3388
- 1 x Remote control

The Microworld Camera and Phone Tripod 3388 offers a balance between portability, adjustability, and stability, making it a reliable companion for capturing steady shots in various environments.
