Specifications

Features:

PORT Designs precursor of IT ECO manufacturers : First eco range launched in 2009. PORT corporate philosophy aims to reduce our carbon footprint & implement a sustainable approach of social and environmental responsibility. With over 30 million bags sold, it is our duty to act for the planet and contribute to reduce our clients footprint with an eco range.The YOSEMITE ECO RANGE is mainly made of recycled materials (PET & r-PET). The use of these materials contributes to reduce our carbon footprint and act positively for the environment.

Elegant & design ECO backpack XL
This stylish backpack is made from 58% recycled material (r-PET & PET). The rain cover is made from 90% recycled materials. Its compact and ultra-light design makes it very practical on the go. Its chic and consensual design make it an ideal bag to transport and protect your laptop. The closures are nickel free.

Many dedicated storage spaces
In this backpack you will find a padded compartment dedicated to maintaining and protecting your laptop up to 14 ". You'll also have room to store your personal items thanks to its spacious design and internal organizer. A large pocket on the front will allow you quick access to your accessories. The shoulder straps and carrying handles are comfortable and padded.

Practicality and ergonomics
This slim and elegant backpack has a back strap to slip over your trolley arm when traveling with a suitcase: you gain practicality and you relieve the weight of your bag. You will find a round of reflective tape on the rain cover to remain visible at night or when it rains. A secret back pocket will allow you to safely store your important personal belongings. Side pockets are ideal for carrying water bottle or umbrella.
