Sharkoon FireGlider Gaming Laser Mouse

Product Overview

Sharkoon FireGlider Gaming Laser Mouse inc Weights 118 to 135g, DPI 600 to 3600, USB Interface, 6 Buttons + Macros

Specifications

Overview:

The FireGlider laser mouse has both the technical specifications and high quality looks to impress even the most demanding gamers. The ergonomically formed body of the FireGlider laser mouse fits pleasantly in the hand while the thumb pad provides a solid grip in even the most hectic gaming situations. With the Weight-Tuning-System in the bottom of the mouse, up to 19.5 grams can be added in 7 different configurations to maximize personal comfort and performance. Six of the seven buttons can be programmed with various functions through the included software. The various programming options enable easier day-to-day operations as well as improving performance in gaming applications. In addition, through the software users can save individual macros to the onboard memory.

Via the DPI selector, the resolution can be adjusted in six levels from 600 to a maximum of 3600 DPI. The selected DPI level is represented by various color combinations on the mouse. The FireGlider Mouse weighs up to 135 g, has a 1.8 m long cable and connects to computers via USB. Procure the best advantage possible with the SHARKOON FireGlider!

Features:

- Laser mouse with 7 buttons (6 of them freely programmable)
- DPI switch with color display (6 steps)
- Weight tuning system (max. 19.5 g)
- On-board memory for macros
- Smooth running and finely adjustable scroll wheel
- Ergonomic design for convenient handling
- Special grip areas offering maximum hold
- Ideal for professional applications and gaming
- Supported operating systems: Windows XP, Vista, 7/8 (32-/64-bit)
