Sharkoon PureWriter Mechanical USB Keyboard with Neutral Blue LED illumination

Product Overview

Sharkoon PureWriter Mechanical USB Keyboard with Neutral Blue LED illumination - 1000Hz MAX Polling Rate - Blue Switch, Retail Box

Specifications

Overview:

With the PureWriter, Sharkoon presents a purist keyboard for all occasions, which, in addition to its timeless elegance, stands out particularly though innovative mechanical switches in an ultra-flat design. The frameless keyboard measures a compact 436 mm in length, 127 mm wide and only 23 mm in height when the feet are folded in, making it as flat as possible. With a weight of only 642 grams and with two USB cables 50 cm and 150 cm in length, it is extremely easy to transport and can be used anywhere, whether on the go, at home or in the office.

Features:

PureWriter - Compact, Light and Ultra-Elegant
With the PureWriter, Sharkoon presents a purist keyboard for all occasions, which, in addition to its timeless elegance, stands out particularly though innovative mechanical switches in an ultra-flat design. The frameless keyboard measures a compact 436 mm in length, 127 mm wide and only 23 mm in height when the feet are folded in, making it as flat as possible. With a weight of only 642 grams and with two USB cables 50 cm and 150 cm in length, it is extremely easy to transport and can be used anywhere, whether on the go, at home or in the office.

Pure Typing Pleasure for Writers
Many writers particularly do not want to miss out on its blue switches. With a distance to actuation point of only 1.5 mm, plus detectable click and switching point, fatigue-free usage with a pleasant typewriter atmosphere is guaranteed. The flat height of the keyboard supports ergonomic use even without a palm rest. Thanks to its long operating life cycle of at least 50 million keystrokes, tens of thousands of pages can be typed - and even in darkened surroundings by means of its infinitely adjustable, neutral blue LED lighting.

Pure Enjoyment for Gamers
Gamers can look forward to the multitude of lighting effects and the option to save the individual lighting set of every single key into five profiles. The PureWriter naturally offers all the gaming essentials with n-key rollover, anti-ghosting keys and a polling rate of 1,000 Hz. Select and control the appropriate soundtrack at any time via the four pre-programmed multimedia keys. The

red switches also have a distance to actuation point of 1.5 mm and, even with the slightest contact, will provide a valuable millisecond advantage during hectic game situations. Since they are completely feedbackless, you can easily sink into the game without any disruptions.
