Specifications

Overview:

A New breed of Smart TVs is here, and there is no equal. The HiSense K3110PW series 40 inch Full High Definition Direct LED Backlit Smart TV is powered by Linux OS and a Quad Core processor as well as Opera web browser with an Easy-to-navigate user-interface that opens the door to how a Smart TV should behave. The HiSense K3110PW series 40 inch Full High Definition Smart TV opens the door to endless entertainment, providing you a simple and smooth TV experience while getting straight to the content that you want when you want it.

Features:

HiSense Smart TV
Enjoy the entertainment you want when you want it. The HiSense 40 Inch Full High Definition Direct LED Backlit Smart TV is equipped with WIFI, internet and built-in apps to connect you to the world or even to escape from it.

Full High Definition 1080p
With 1920x1080 full high definition resolution, the images are so life-like, it feels like you're really there. 1,080 horizontal lines create stunning details and crystal-clear, vibrant colours to create a brilliantly realistic picture.

Opera Software
HiSense, have announced that the Opera TV Store has now launched on HiSense Smart TVs bringing exciting new apps to offer audiences a rich selection of entertaining HTML5-based apps optimized for connected TV. This spans apps for video, music, social media, games, news and utilities. HiSense viewers can now have an even more entertaining and personalized TV experience.

Direct LED Technology
Witness the entire RCG spectrum brought to life on your screen. The HiSense LED TV brings you exceptionally vibrant and

true-to-life images delivered just as the director imagined.

USB Digital Media Player
Provides you the flexibility to enjoy not only photos or music, but also HD movie files directly in your TV via USB. Plug the USB into the slot on the side/bottom of the TV and access your photos, music or movie files. The USB connector allows access to multimedia (JPG, MP3, etc.) from most USB-flash drives and digital cameras (USB memory-class device).

HDMI Support
Supports both digital audio and video in one connection. It makes an uncompressed digital RGB connection from the source to the screen for the ultimate picture quality. With multi-HDMI inputs on the back and side of the TV, you can connect multiple HD sources, such as a HD set-top box, a Blu-ray player, and a game console or digital AV player. Your TV is fully prepared for the HD future.

DBX-TV
DBX-TV's DSP audio enhancement solutions extract the best possible sound from TVs and other consumer devices, even those with the tightest of design constraints.
