Manhattan UV Phone Sanitizer

Product Overview

Manhattan UV Phone Sanitizer - UV-C Sanitizing Box, White, Retail Box

Specifications

Overview:

Your smartphone can hold 10 times more germs than surfaces you think of as unclean. On any given day you end up touching countless objects that are potentially ridden with bacteria and viruses. Door handles? Yep. Grocery carts? Check. Toilet seats? Oh yes. And whatever you touch with your hands can end up on your phone. That phone you press against your ear. That phone your toddler likes to put in their mouth. That one electronic device, which many of us use the most each day, can harbor an average of approximately 20,000 distinct types of bacteria. Knowing this, how often do you really properly clean your smartphone? And if you do clean it, are you sure you're getting the bacteria and viruses that can hide in its tiny cracks and crevices? Sanitize your phone and much more with UVC ultraviolet germicidal irradiation (UVGI)

The Manhattan UV Phone Sanitizer quickly kills off a plethora of germs, bacteria and viruses* without chemicals. Simply place your smartphone in the box and close the lid. Six powerful lights hit the exposed surfaces with germicidal UV waves to eradicate up to 99.9% of germs in just five minutes. A status LED let you know when the cleaning cycle is complete for that side. It doesn't just clean your phone either. This sanitizing box works on credit cards, jewelry, earbuds, key chains, and more. If it fits in the device bay, you can safely sanitize it with the Manhattan Phone Sanitizer.

Features:

- Integrated UV LEDs to eliminate germs, viruses and bacteria
- Quick 1-minute or 5-minute cleaning cycle
- UVC technology for safe sanitizing without heat, liquids or chemicals
- Sanitizes smartphones, watches, keys, jewelry, credit cards, masks, pacifiers, earbuds and more
- Safety mechanism that automatically turns off the UV light when lid is opened to avoid damage to eyes and skin
- Spacious interior to accommodate all common smartphone sizes
- Aromatherapy option
- USB-C to USB-A power cable included
