Specifications

Features:

It is Movie Time or Game Time!
Toshiba 43 Inch DLED Backlit Ultra High Definition 4K Frameless Smart TV offers you an astonishing selection with uncompromised picture quality. Its technologies were specifically developed to reproduce realistic images with the highest possible natural details for an immersive and inspirational viewing experience.

Ultra HD (4K) Resolution
4K provides much more detailed and less pixel visible images than 1080p. 4K delivers better-looking image for larger screen sizes.

High Definition Multimedia Interface
TOSHIBA TVs are equipped with 3 HDMI terminal to facilitate uncompressed, all-digital video and audio connections, which supports high definition video signals and multi-channel audio signals. With HDMI, you can enjoy an ideal full-digital AV reproduction that delivers noise-free and highly precise image quality.

USB Movie
TOSHIBA's USB Movie feature supports many video playback formats, allowing you to enjoy enhanced playback compatibility on most of the popular video formats commonly available in the market.
