Specifications

Features:

More consistent color and contrast from any seats
The IPS 4K panel in LG UHD TV delivers rich colors and strong contrast that remain consistent at wider viewing angles.

Active HDR expanding your HDR choices
Active HDR analyzes and optimizes HDR10 and HLG content for an even more striking and breathtaking HDR experience. With LG TV's exclusive processing for HDR10 and HLG, viewers have more HDR content choices.

Contrast booster for HDR-like viewing
LG's HDR Effect uses unique image processing that transforms standard dynamic range content to emulate HDR quality by boosting the contrast for an HDR-like viewing experience.

Upscale the resolution to 4K quality
LG's 4K Upscaler boosts resolution to near 4K quality through ultimate image processing technology.

Surround yourself in rich sound
Let yourself be transported by LG's newest and most advanced simulated surround sound from virtual seven channels for superior immersion.

webOS 3.5 simple and fun to use
With the Magic Remote and uniquely refined webOS 3.5 launcher bar, dive into a limitless world of premium content from all of the most popular entertainment providers.

LG webOS 3.5, security you can trust
The security manager in webOS3.5, earns prestigious CC international security certification and UL CAP2900-1 certification for its ability to provide superior privacy protection. It prevents the installation of unauthorized applications, hacking and leaks of privacy.
