Specifications

Features:

High-Resolution for a razor sharp image
The higher the resolution, the greater the image detail. LG UHD TV has four times the resolution of a Full HD TVs. It means you are getting 4 times clarity.

Consistent images at any angle
LG UHD TV maintains more precise color and allows everyone to enjoy the magnificent picture no matter where they sit.

The core of authentic image
Quad core processor works tirelessly to reduce distracting noise, enhance sharpness even while upscaling lower-resolution images to near 4K picture quality.

4K Active HDR for a lifelike scene
HDR(High Dynamic Range) is the new standard for picture quality. It provides delicate detail and lifelike color with wider range of contrast. LG UHD TV supports multi HDR formats including HDR10 Pro and HLG Pro.

Multi-channel bringing encapsulating sound effect
Great television deserves great audio. This sound technology creates virtual multi channels which produce the ultra surround effect.

Sophisticated inside and out
The stylish frames make the design even more dazzling with its modern taste.

Simple ways for your convenience
Discover a variety of features of smart TV with LG webOS. Go beyond basic control and search to open and navigate select apps and other premium services even using just your voice.
