Specifications

Overview:

Dell EcoLoop Pro Slim Briefcase 15

Get the Dell EcoLoop Pro Slim Briefcase 15 that protects your gear on-the-go and helps reduce environmental impact.

Features:

Sustainably made. Packed with protection.

The Dell EcoLoop Pro Slim Briefcase 15 reduces our environmental impact and protects your tech gear and essentials while on the go.

Designed with the environment in mind

The Dell EcoLoop label identifies products that are manufactured with select materials and/or processes that help reduce our environmental impact.

Responsible dyeing process

Made with a solution-dyeing process for polyester that can generate up to 97% less greenhouse gas emissions, water impact, and fossil fuels than traditional dyeing processes.

100% recycled plastic

Developed consciously with an environmentally friendly design, the exterior main fabric of this briefcase is made with 100% recycled polyester that can utilize up to 90% less fossil fuels than virgin polyesterand reusing approximately 11 plastic bottles.

100% recycled packaging

The carrying case comes in packaging that's made with 100% recycled content in the hang tag, hang loop and plastic bag.

Proven tough

The briefcase provides complete protection in case of impact with 360º foam cushion surrounding the laptop sleeve. It's made from heavy duty fabric with extra-durable coating at the bottom of the bag that makes it water- and dirt-resistant.

Our carrying cases are put through rigorous quality tests, including water resistance, strap and zipper strength and fabric abrasion, proving their sturdiness and long-lasting durability for the protection of your belongings.

Capable carrier

It's thoughtfully designed to comfortably carry everything you need. Go hands-free with the shoulder strap, or detach it and use the convenient grab handle or the travel-friendly trolley strap.

Store accessories in the zippered front pocket. The purpose-built organizers and dedicated laptop or tablet sleeves keep it slim and lightweight, and the reflective accents increase visibility in low light.
