## Product Overview

Dell CP5625G Pro 14-16" Plus EcoLoop Urban Backpack - 480x315x210mm

## Specifications

### Overview:

Neatly carry all you need while on the go with this spacious backpack. With a 27-liter capacity and organized pockets, it's durable, stylish and made with recycled materials.

### Features:

**Space for days**
This backpack carries you from AM to PM and keeps you organized while on the go. Featuring a capacity of 27 liters, you'll find it spacious and easy to pack everything you need, including a 16-inch laptop, accessories, gym shoes, extra clothes and other bulky items. The contemporary heather gray color adds a touch of versatility, complementing both professional and casual looks.

**A place for everything**
Secure your laptop in the dedicated sleeve, and pack bulky items in the large main compartment. Organize smaller essentials

in the pen slots and slip pockets. The front pocket is perfect for items you need on the fly, like your phone, keys or gym card. Large side pockets fit oversized water bottles, ensuring you have everything you need, right where you need it.

**Designed with the environment in mind**
The Dell EcoLoop label identifies products that are manufactured with select materials and/or processes that help reduce our environmental impact.

**More sustainable than ever**
This backpack is now made with 52% recycled content, using approximately 31 recycled plastic bottles.

**Packaging with purpose**
Packaging is now made from 100% recycled or renewable materials with the elimination of plastic bags.

**360 Degree protection**
Your gear stays dry and secure with durable, water-resistant 300D RPET fabric, while 360 foam padding protects your laptop from daily impacts.

**Rain or night**
Stay safe while commuting with reflectors for visibility and a PU-coated bottom for enhanced water and dirt protection.

**Tested for durability**
This backpack is designed with strong, durable materials to endure everyday wear and tear over time. Our bags undergo over 50 rigorous quality tests including humidity chamber, global ASTM and AATCC standards, covering color fastness, water resistance, tear strength, abrasion resistance and strap and zipper strength to ensure your valuables are well protected.
