

## 461-AAES

Dell Twin ClickSafe Lock for all Dell security slots

### Product Overview

Dell 461-AAES Twin ClickSafe Lock for all Dell security slots - Kensington and Noble, Carbon steel cable

### Specifications

#### Overview:

Give your employees superior and effortless laptop security with the ClickSafe Keyed Laptop Lock designed for Dell laptops, USB docks and tablets. One-click, keyless engagement combines with premium materials and anti-theft technology to make protecting laptops easier than ever.

Manufacturer Part : 760NM

Dell Part : 461-AAES

#### Features:

- With two lock heads using the same key, you can lock down a Dell laptop as well as another desktop device, such as a USB docking station, monitor or external hard drive, and only have to keep track of a single key
- ClickSafe Security Anchors :Included are two anchors that fit the industry-standard Kensington Security Slot and one anchor for the Noble slot. The anchor securely mounts into the corresponding slot on the device and allows a ClickSafe lock head to be attached in a single click.
- Strong Lock Head :Tested against the most rigorous and thorough standards in the industry, the lock is tamper-resistant and will durably perform time after time
- Tamper-resistant, disk-style lock provides near-impenetrable theft protection
- ClickSafe Lock provides one-step security after the correct anchor has been installed into the Dell laptop or tablet
- Carbon steel cable resists cutting attempts and anchors to desk, table or any fixed structure
- One-handed engagement without need to use a key
- Carbon Steel Cable :Offering the same level of cut-resistance and theft-resistance as thicker cables, the carbon steel cable with plastic sheath offers security and greater mobility with 6 feet of cable.
- Verified & Tested :Engineered to Kensington's rigorous specifications and third-party standards in torque/pull, foreign implements, lock lifecycle, corrosion, key strength and other environmental conditions
- Register & Retrieve :Kensington's online key registration program that allows for quick, secure and easy key replacement if it ever gets lost or stolen

---

## ComX Computers

Product Specification Sheet

- Dell recommends the use of a security lock to help prevent theft of hardware and data
- Also available in Master Key, ask you Dell sales person about the great benefits of Master key solutions
