Sustainable Style
Crafted from 100 percent ocean-bound plastics, this backpack not only protects your tech but also helps reduce environmental impact. All tags, strings, and stuffing are made from recycled biodegradable materials, making it a conscious choice for professionals who care about sustainability.

Enhanced Security
Keep valuables safe with dedicated protection. The RFID pocket shields credit cards and personal data from electronic pickpockets, while lockable double-coil zippers add an extra layer of security. A Bluetooth tracker pocket lets you insert your tracking device, so your backpack is always easy to locate.

Smart Organization
Stay organized wherever you go. Multiple zip and slip compartments provide space for laptops, documents, accessories, and cables. The built-in cable pass-through makes it simple to charge your devices or keep headphones connected while on the move. Two external side pockets also fit water bottles or umbrellas for added convenience.
