Overview:

Dell Alienware AW420K Tenkeyless Mechanical Gaming Keyboard

Compact, powerful, and built for performance - the Alienware AW420K Tenkeyless Mechanical Gaming Keyboard delivers precision control and durability for serious gamers. Designed with Cherry MX Red switches, customizable RGB lighting, and a portable form factor, it offers both style and substance for any setup.

Description:

The Dell Alienware AW420K Gaming Keyboard combines high-speed mechanical performance with a streamlined TKL (tenkeyless) layout. With per-key RGB customization, full anti-ghosting, programmable hotkeys, and durable PBT keycaps, it's built for fast-paced gaming and long-lasting comfort. Its detachable cable, adjustable height, and compact design make it ideal for both desktop setups and on-the-go gamers seeking versatility and control.

Features:

Streamlined, Space-Saving Design

The tenkeyless layout removes the numeric keypad, freeing up desk space and enhancing mouse movement for competitive play. Its slim, compact profile makes it easy to carry and set up wherever you game.

- Integrated cable routing keeps your setup organized
- Detachable 2 m paracord USB cable for easy portability
- Adjustable risers with three height options for personalized comfort

Responsive Mechanical Switches

Experience the smooth, linear actuation of Cherry MX Red switches, engineered for precise and consistent keystrokes. Each switch offers a 100 million keystroke lifespan, ensuring long-term reliability for intense gaming sessions.

- 100 million actuation lifecycle for lasting performance
- Full anti-ghosting and N-key rollover ensure every press registers
- Windows key disable toggle prevents interruptions during gameplay

Customizable RGB Illumination

Personalize your setup with AlienFX per-key RGB lighting, offering up to 16.8 million colors. Through Alienware Command Center software, users can synchronize lighting effects across compatible Alienware devices for a cohesive, immersive gaming atmosphere.

Durable, High-Quality Build

Built with double-shot PBT keycaps, the AW420K provides superior resistance to wear and fading. The metal top plate adds
