Overview:

Dell Premier Rechargeable Wireless Mouse - MS7421W
Get uninterrupted productivity with a rechargeable mouse that offers up to six months battery life on a full charge. Connect up to three devices and recharge in just two minutes for a full days work.

Features:

Ultimate convenience

- Always ready:Enjoy a hassle-free 6-monthi long battery life when you charge it fully in just 3 hours. A quick two-minute charge via the included USB-C cable will guarantee you a days work of uninterrupted performance.
- Seamless connectivity:Connect and switch effortlessly across three devices with the dual mode RF 2.4 GHz wireless and Bluetooth connectivity.
- Thoughtful design:Never lose the universal pairing receiver thanks to the dedicated dongle slot which allows you to conveniently keep it within the mouse when not in use.

Empowering productivity

- Simple Management:Instantly access your most frequently used commands or applications by configuring the 5 programmable buttons via Dell Peripheral Manager (DPM). With DPM, you can easily pair your devices, program shortcut buttons, adjust DPI, check battery and connectivity status and the latest firmware updates - whatever suits your needs.
- Precise Tracking:Sculpted with a patterned grip in cool platinum silver, this little wonder offers 4000 DPI, adjustable via DPM to three other preset DPIs at 1000, 1600 and 2400. Navigate with ease across ultra-wide and high-resolution displays and multi-monitor setups.
