Specifications

About this product

The Dell MS900 Rechargeable Multi-Device Mouse combines precision, comfort, and versatility for professionals and multitaskers. Featuring ergonomic contours, a thumb rest, and adjustable DPI from 800 to 8000, this mouse ensures smooth navigation and effortless control across multiple devices.

Overview Summary:

The Dell Premier Rechargeable Mouse MS900 delivers precision and comfort for professionals and multitaskers in South Africa. With ergonomic contours, a thumb rest, and adjustable DPI from 800 to 8000, this mouse ensures smooth navigation and effortless control across multiple devices. Its long-lasting rechargeable battery and USB-C fast charging make it convenient for daily use. Shop now to enhance your workflow with a reliable and versatile mouse.

Perfect for seamless productivity, the MS900 features both USB wireless and Bluetooth 5.1 connectivity, allowing easy switching between up to three devices. Enjoy horizontal and vertical scrolling, programmable buttons, and a track-on-glass sensor for consistent performance on any surface. Buy now and upgrade your desktop or laptop experience.

Performance tier: Premium

Uses: Office work, gaming, creative tasks, multitasking, general computing

Overview:

Dell Premier Rechargeable Mouse MS900 - Comfort and Precision for Every Task
The Dell Premier Rechargeable Mouse MS900 combines ergonomic design with advanced functionality to deliver smooth, efficient performance. Designed for professionals and multitaskers, this mouse supports both wireless and Bluetooth connectivity, offering precise control across multiple devices. Its sculpted curves, adjustable DPI, and long-lasting battery make it an ideal tool for work, gaming, and creative tasks.

Description:

The MS900 is a multi-device mouse with USB wireless and Bluetooth 5.1 connectivity. It has a contoured shape for all-day comfort, a horizontal and vertical scroll wheel for seamless navigation, and adjustable DPI from 800 to 8000. The rechargeable battery lasts up to three months, with quick USB-C charging, and the track-on-glass sensor ensures smooth performance on any surface. Programmable buttons and Dell Peripheral Manager support customized workflows for enhanced productivity.

Features:

Designed for Maximum Comfort
The contoured shape fits naturally in your hand, supporting a relaxed palm grip for long hours of use. Its thumb rest and ergonomic design reduce fatigue, making it ideal for extended work sessions.

Seamless Navigation Across Any Surface
The MS900 includes both vertical and horizontal scroll wheels, allowing fast navigation through long documents or precise control when needed. Its track-on-glass sensor works on a variety of surfaces, including glass, wood, and metal, so you can work anywhere without compromise.

Customizable Precision
Adjust the DPI from 800 to 8000 in 200-point increments to match your workflow. The ultra-smooth gliding feet ensure quiet, effortless movement, giving you precise control over your cursor.

Long-Lasting Rechargeable Battery
A quick two-minute charge provides enough power for a full day, while a full charge can last up to three months. The USB-C connection makes recharging fast and convenient, eliminating the need for disposable batteries.

Personalized Productivity
Use Dell Peripheral Manager to configure the mouse to your preferences. Program buttons, adjust DPI, and customize commands to streamline your workflow and improve efficiency.

Connectivity for Multiple Devices
Easily switch between USB wireless and Bluetooth 5.1, connecting the mouse to up to three devices at once. This makes it perfect for professionals who need a versatile tool across laptops, desktops, and tablets.

FAQ

Can the Dell MS900 connect to multiple devices simultaneously?

Yes, it supports USB wireless and Bluetooth 5.1, allowing seamless switching between up to three devices.

How long does the battery last?

The rechargeable battery can last up to 3 months on a full charge, with fast USB-C charging for convenience.

Can I customize the mouse buttons and DPI settings?

Yes, Dell Peripheral Manager enables button programming and DPI adjustments for a personalized workflow.

Which surfaces can I use the MS900 on?

The track-on-glass sensor works on glass, wood, metal, and most flat surfaces, ensuring smooth cursor movement.

Is it suitable for gaming or creative tasks?

Yes, the adjustable DPI, fast scrolling, and ergonomic design make it suitable for office work, gaming, and creative applications.
