Specifications

Overview:

It's the web as you've never seen it before; the 10.1" IdeaPad Tablet K1 with Android 3.1 is optimized for the web like no other tablet. The K1 comes with full support for the latest Flash content and complete Digital Rights Management (DRM) so you can legally download & store movies in every available format. Plus, it instantly syncs your photos, music and videos with a dedicated online storage space, so you can easily share across multiple devices, or with the wider world through integration with popular social networking sites. And with access to the Lenovo App Shop and the Android Market, thousands of useful apps and
games are just a click away.
