Specifications

Overview:

ThinkVision M14 Portable Monitor - Mobile display for on-the-go productivity
Boost on-the-go productivity and collaboration with the ultraportable ThinkVision M14 mobile display. This 14" monitor weighs just 598g* and is compatible with any device with an advanced USB-C port. Whether youre presenting to clients or just want to get things done on the road, the ThinkVision M14 helps you make your good work, better.

Features:

Mobile display for the modern professional
Looking to give yourself an edge when it comes to mobile productivity? Check out the ThinkVision M14. This ultraportable 14" FHD mobile display connects to your laptop via USB-C to give you extra screen real estate for your own work-and a great way to share content with clients and colleagues. Its ergonomic design lets you control the viewing angle-and thanks to ports on both sides, its friendly to right- and left-handed users. It also comes with a durable sleeve for protection on the go. ThinkVision M14: The modern solution for mobile productivity.

Ultraslim, ultralight
At just 598g* and 4.4mm, the ThinkVision M14 mobile display wont weigh you down. And despite its ultraportable design, it delivers great visuals on its FHD (1920 x 1080) IPS display.

Advanced connectivity
The ThinkVision M14 mobile display features two advanced USB-C ports that simultaneously support power and video. Its "power pass through" design lets you charge both the ThinkVision M14 and your laptop with a single adapter.

Be sure your laptop, tablet, or smartphone has a full-function USB-C connector that supports Display Port 1.2 Alt Mode and PD2.0.

Productivity plus flexibility
The ThinkVision M14 mobile displays flexible design lets you work the way you want to. It has ports on both the right and left sides for easy alignment. The monitor has a -5 degrees to 90 degrees tilt angle and an adjustable foot lets you change the height to your liking. And it comes with its own protective sleeve for carefree travel.

Whats more, its advanced low-blue-light technology reduces eyestrain, taking some of the sting out of long workdays. Finally time to relax? Stream everything you like to the M14 from your phone, tablet, or laptop.
