64563

Goobay 5 port Gigabit Ethernet Unmanaged Switch

Product Overview

Goobay 64563 5 port Gigabit Ethernet Unmanaged Switch, 5x RJ45 sockets autonegotiation Gigabit, Fanless design

Specifications

Overview:

Goobay 5-port Gigabit Ethernet Unmanaged Switch 64563
5x RJ45 sockets, autonegotiation, 1000 Mbit/s

Our network accessories transmit signals in top quality and speed. High-quality materials, robust housings and precisely fitting contacts distinguish our range of Ethernet switches. Goobay always provides the perfect products for your network needs - whether you aim to set up a home or company network. Simply. All. You need!

Features:

- Thanks to the non-blocking architecture, data packages are forwarded and filtered at full transmission speed.
- Network switch supports MAC address auto-learning and auto-aging.
- Green Power Ethernet allows the operation of a simple power and cost-saving network (75 % less energy consumption).
- Ethernet hub with Plug & Play application requires no additional crossover or uplink ports.

- Compatible with max. 10/100/1000 Mbit/s (half duplex) and max. 20/200/2000 Mbit/s (full duplex)
- Switching hub with fanless design for noise-free operation
- Supports the following standards: Auto Negotiation (Auto MDI/MDIX) for all RJ45 ports, IEEE 802.3, IEEE 802.3u, IEEE 802.3x and IEEE 802.3ab
