Specifications

About this product

The Goobay 70827 Universal Soundbar Wall Mount offers a sleek, secure and adjustable steel bracket designed to mount your soundbar neatly beneath your TV, supporting up to a 15 kg load and depths from 90 mm to 154 mm for broad compatibility.

Overview Summary

Performance tier: Premium accessory

Uses: Home theatre installation, living room audio setup, minimal TV room design

The Goobay 70827 Universal Soundbar Wall Mount is engineered for simple, elegant audio system enhancement. With its powder-coated steel construction, adjustable bracket depth and padded feet to minimise vibration and protect your soundbar finish, it enables a clean installation directly beneath your display. Its compact 166 mm wide, 51 mm high and 79 mm deep footprint delivers a refined solution that blends seamlessly into any décor.

This bracket supports a maximum load of up to 15 kg, and is compatible with most common soundbars from major brands when depth measures between 90 mm and 154 mm. With a locking screw under the mount for secure positioning and included mounting material for wall attachment, it offers a reliable and tidy mounting experience for your soundbar.

Overview

The soundbar mount gives every home cinema system that special finishing touch: The brackets are simply and quickly attached to the wall, for instance, underneath the TV. This way, the soundbar is set up for the perfect sound experience and adds a minimalist, clean look to the TV - without the need for elaborate base units or shelves.

Description

The Goobay 70827 Universal Soundbar Wall Mount presents a refined solution for mounting your soundbar directly beneath your TV or on any suitable wall. It features sturdy powder-coated steel construction in black that complements modern audio-visual setups. The design incorporates padded support feet which protect the soundbar from scratches and reduce unwanted vibration for cleaner audio output.

Installation is straightforward using the supplied mounting hardware. The bracket allows adjustment of soundbar depth support from 90 mm to 154 mm, making it compatible with a wide range of soundbar models. Once mounted, the underside locking screw ensures the soundbar remains firmly in place. This minimal and discreet bracket removes the need for bulky furniture or additional shelving, creating a clean, elevated look for your home cinema environment.

With a maximum load capacity of 15 kg, the mount caters to most mid- to high-end soundbars without compromise. Ideal for living rooms, media rooms or dedicated home theatre spaces, the mount keeps your soundbar flush to the wall and aligned for an optimum listening experience.

Features

Key features and benefits of the mount include:

- Adjustable bracket depth from 90 mm to 154 mm to fit many soundbar models.
- Supports a maximum load of 15 kg for secure mounting.
- Padded feet to protect the soundbar finish and reduce vibration transmission.
- Compact and discreet design (166 mm width, 51 mm height, 79 mm depth) to maintain minimal aesthetic
- Wall-mount installation with included hardware and a locking screw under the bracket for a firm hold.
- Durable steel construction with powder-coated finish for long-term reliability.

What's in the Box

- 2 x wall mounting brackets
- Fixing screws and wall plugs for installation
- Instruction manual for installation and safety guidance

FAQ

Q: Which soundbars are compatible with this mount?

A: The mount supports soundbars with depths from 90 mm to 154 mm and up to 15 kg in weight, making it suitable for most popular brands.

Q: Can this mount be installed beneath a wall-mounted TV?

A: Yes. The compact design with a width of 166 mm and depth of 79 mm allows for discreet installation beneath a wall-mounted TV, keeping your setup clean and tidy.

Q: Does the mount protect against vibration and scratching?

A: Yes. Padded feet built into the bracket reduce vibration transfer and prevent the soundbar surface from being scratched.

Q: What load can the mount support?

A: The bracket supports up to 15 kg in load, offering reliable support for most medium to high-end soundbars.

Q: Is the installation hardware included?

A: Yes. The mount comes with mounting brackets, fixing screws, wall plugs and manual to facilitate installation.
