About this product

The Goobay 80174 Ceiling TV Mount is a sturdy, adjustable ceiling mounting solution for 37 to 75 inch flat and curved televisions weighing up to 50 kg. Designed for flat and sloped ceilings, it features an adjustable telescopic arm, tilt and swivel functionality, horizontal alignment adjustment, and integrated cable management for a neat installation. Ideal for homes, offices, meeting rooms, restaurants and commercial spaces, this black steel TV bracket helps position your screen for comfortable viewing where wall mounting is unsuitable. Buy the Goobay 80174 Ceiling TV Mount online today for a practical large-screen mounting solution in South Africa.

Overview Summary

Goobay 80174 Adjustable Ceiling TV Mount - 37 to 75 Inch

The Goobay 80174 is a ceiling TV bracket designed for televisions measuring 37 to 75 inches, with a maximum supported load of 50 kg. Its telescopic arm offers six height adjustment positions between 52.7 cm and 77.7 cm, helping you position your television to suit the room layout and viewing requirements.

Suitable for flat and sloped ceilings, this adjustable TV mount supports a ceiling mounting angle of up to 45 degrees. The screen can tilt downwards by up to 25 degrees, swivel up to 180 degrees in either direction, and be horizontally aligned by up to 2 degrees. Integrated cable management conceals cables inside the telescopic arm for a cleaner installation. With VESA compatibility up to 400 x 400 mm, it accommodates many compatible flat and curved televisions.

Performance tier: Large-screen ceiling TV mounting

Uses: Home entertainment, offices, meeting rooms, restaurants, cafes, retail displays, gyms, showrooms, commercial television installations

Overview

When is this mount your perfect match" When you want to mount your television on a sloped or regular ceiling. The telescopic arm and continuously adjustable joints allow you to adjust the viewing angle with great flexibility. The TV mount is also unrivalled in rooms with glass fronts: In commercial areas such as offices, bistros or gyms, you can simply place the TV on the ceiling - for an optimised viewing angle, no matter where you are in the room. So you can focus on what's important.

Description

The Goobay 80174 Ceiling TV Mount is designed to provide a secure and flexible way to install a compatible television from the ceiling. It is suitable for situations where wall mounting is impractical or where a ceiling-mounted screen provides a more suitable viewing position. Its large-screen compatibility makes it a practical choice for residential and commercial environments.

Built for televisions measuring 37 to 75 inches and weighing up to 50 kg, the mount features a telescopic arm with six height positions ranging from 52.7 cm to 77.7 cm. This adjustment range allows the screen height to be selected according to the room layout and intended viewing position.

The mount supports downward tilt adjustment of up to 25 degrees, swivel adjustment of up to 180 degrees in either direction, and horizontal alignment of up to 2 degrees. These adjustments help direct the television towards the viewing area. The ceiling plate can be installed on flat ceilings or adjusted for sloped ceilings with an angle of up to 45 degrees.

Integrated cable management routes cables through the telescopic arm, helping reduce visible cable clutter around the installation. The black powder-coated steel construction provides a practical finish for a range of interior environments. Before installation, confirm that the television's weight, screen size and VESA mounting pattern are compatible with the bracket and that the ceiling structure and fixing method are suitable for the intended load.

Features

The Goobay 80174 combines flexible positioning with a ceiling-mounted design for compatible large-screen televisions.

- 37 to 75 inch TV compatibility: Designed for many flat and curved televisions within the supported screen size range.
- 50 kg maximum load: Supports compatible televisions weighing up to 50 kg when correctly installed.
- Adjustable telescopic arm: Six height positions between 52.7 cm and 77.7 cm allow flexible screen positioning.
- Ceiling installation: Suitable for flat ceilings and sloped ceilings with an angle of up to 45 degrees.
- Tilt adjustment: Provides downward tilt adjustment of up to 25 degrees to help improve the viewing angle.
- Swivel adjustment: Allows the television to swivel up to 180 degrees in either direction.
- Horizontal alignment: Offers adjustment of up to 2 degrees for fine positioning.
- VESA compatibility: Supports mounting patterns up to 400 x 400 mm, including smaller compatible VESA patterns.
- Integrated cable management: Routes cables through the telescopic arm to help maintain a neat installation.
- Powder-coated steel construction: Provides a durable black finish suitable for a variety of interiors.
- Versatile installation options: Suitable for compatible television installations in homes, offices and commercial environments.

FAQ

What TV sizes are compatible with the Goobay 80174 ceiling mount?

The Goobay 80174 is designed for compatible televisions measuring 37 to 75 inches. Check the television's mounting pattern

and weight before installation.

What is the maximum weight supported by this ceiling TV bracket?

The maximum supported television weight is 50 kg. The ceiling structure and mounting fixings must also be suitable for the intended load.

Can the Goobay 80174 be installed on a sloped ceiling?

Yes. The ceiling plate can be adjusted for sloped ceilings with an angle of up to 45 degrees, as well as for flat ceilings.

Is the Goobay 80174 height adjustable?

Yes. Its telescopic arm has six height adjustment positions between 52.7 cm and 77.7 cm.

Can the television be tilted and swivelled?

Yes. The mount provides downward tilt adjustment of up to 25 degrees and swivel adjustment of up to 180 degrees in either direction. It also offers horizontal alignment adjustment of up to 2 degrees.

Which VESA mounting patterns does the Goobay 80174 support?

The mount supports VESA mounting patterns up to 400 x 400 mm, including smaller compatible patterns. Check the VESA measurements on the back of your television before purchasing.

Does this ceiling TV mount support curved televisions?

Yes. It is designed for compatible flat and curved televisions measuring 37 to 75 inches, provided the television's weight and VESA mounting pattern meet the mount's requirements.

Does the Goobay 80174 include cable management?

Yes. Integrated cable management routes cables through the telescopic arm to help create a neater installation.

Where can the Goobay 80174 ceiling TV mount be used?

It is suitable for compatible television installations in homes, offices, meeting rooms, restaurants, cafes, gyms, retail spaces and showrooms where ceiling mounting is appropriate.

What should I check before installing this TV ceiling bracket?

Confirm the television's screen size, weight and VESA pattern. Also verify that the ceiling structure, mounting position and fixing method can safely support the installation. Use suitable fixings and follow the installation instructions.
