Arctic Freezer 11 LP 90W Intel CPU Cooler

Product Overview

Arctic Freezer 11 LP 90W Intel CPU Cooler

Specifications

Overview:

The compact-sized Freezer 11 LP brings low noise cooling into low profile and HTPC Systems. With a height of 53mm only, the cooler squeezes into even the tiniest PC cases.

Features:

Compact and Lightweight
With dimensions of 115(L)*106(W)*53(H)mm, having a weight of only 255g, the Freezer 11 LP is extremely compact. It fits virtually into any low profile PC case and is the ideal choice for any HTPC system.

Reliable Cooling Performance
Equipped with an ultra-quiet 92mm PWM fan and two copper heatpipes, the Freezer 11 LP offers a maximum cooling capacity of 90W. The dual high performance 6mm heatpipes efficiently dissipate the heat from the CPU into the block consisting of 50 aluminum fins.

Quick Installation
The unique mounting system via push pins offers excellent stability and is applicable within minutes. The pre-applied ARCTIC MX-2 thermal compound makes the installation a clean process. The cooler is compatible with Intels socket 1156 and 775.

Whisper-Quiet
The Freezer 11 LP is a very quiet cooling solution. Even when the fan is spinning at its full speed at 2,000 RPM, the low noise impeller in the 92mm PWM fan makes the entire operation to be nearly inaudible. The patented fan holder design reduces the unwanted noise by absorbing the vibration from the spinning impeller as well.

Specifications	
Product Code	872767002500
Max. Cooling Capacity	100
Heatpipe	Ø 6 mm x 2
Heatsink Material	Aluminum fins x 50, thickness: 0.3 mm
Fan (mm)	92
Bearing	Fluid Dynamic Bearing
Noise Level	0.3 Sone
Current / Voltage	0.16A/ 12V
Product Dimensions (L x W x H)	115 (L) x 106 (W) x 53 (H) mm
Rated Fan Speed	900 - 2, 000 RPM, (PWM)
Packaging Dimensions (L x W x H)	115 (L) x 109 (W) x 55 (H) mm
itemnumber	UCACO-P2000000-BL
UPC	872767002500
Gross Weight	0.31 kg
