

872V1AA

HP HyperX QuadCast 2 - USB Microphone (Black)

Product Overview

HP 872V1AA HyperX QuadCast 2 - USB Microphone (Black), USB-C / 3.5mm Headphone Output, 16 zones Light effects, Red Lighting, 16-bit / 24-bit bit-depth, Three 14mm electret Condenser capsules, Polar pattern - Cardioid / omnidirectional / Stereo / bidirectional, Removable Shock Mount

Specifications

Overview:

HyperX QuadCast 2 - USB Microphone (Black)

- Hi-Res Studio-Quality Recording
- Tap-to-Mute Sensor
- Intuitive On-Board Controls
- Mic Status LED indicator
- Removable Shock Mount
- Stunning HyperX Red Lighting
- Four Selectable Polar Patterns

Features:

The HyperX QuadCast 2 refines everything that made the original such a favorite amongst gamers, streamers, and content creators around the world. All the fan-favorite features are still here: the iconic stunning lighting, the tap-to-mute sensor, 4 selectable polar patterns, the 3.5mm headphone jack, and included shock mount and desktop stand but now with a range of innovative additions packaged in a new sleek, full aluminum silhouette. QuadCast 2 features upgraded 24-bit, 96kHz recording for a studio-quality recording experience. It also features a redesigned detachable shock mount with improved performance and innovative spring-loaded pins, making removal easy and allowing the use of universal shock mounts. In response to our fan's feedback, QuadCast 2 now includes a multi-function knob so you can do everything on-board without needing to alt-tab. The knob allows users to choose between microphone gain, playback volume, and microphone monitoring volume, and can also switch polar patterns. The LED indicator also makes it easy to determine the current mic status without the hassle of going into the software. Users can choose different lighting effects and tune their mic via HyperX NGENUITY. The HyperX QuadCast 2 - the new standard for streaming microphones.

Hi-Res Studio-Quality Recording

The QuadCast 2 will help take your recordings to the next level by capturing more sound detail and allowing the subtleties of your voice to shine through.

Tap-to-Mute Sensor

Simply tap the top of the QuadCast 2 to prevent audio accidents and quickly mute the microphone.

Intuitive On-Board Controls

The multifunction knob lets you quickly and easily adjust your microphone gain, playback volume, monitoring volume, and switch between 4 polar patterns.

Mic Status LED indicator

The easy-to-see LED indicator and customizable grille lighting lets you spot whether or not the mic is live.

Removable Shock Mount

The pre-attached vibration-dampening shock mount is easily detachable thanks to the spring-loaded pins. The shock mount joint is also compatible with 3/8" and 5/8" threading, for easy setups.

Stunning HyperX Red Lighting

Give your streams and desk setup a touch of signature HyperX red with the QuadCast 2's stunning lighting. Customize the lighting when live or muted in HyperX NGENUITY.

Four Selectable Polar Patterns

Optimize your recording by selecting whichever of the versatile QuadCast 2's polar patterns (cardioid, omnidirectional, bi-directional, or stereo) best suits your audio capture needs.

Customizable in HyperX NGENUITY

Tune your microphone, adjust mic monitoring, and customize the QuadCast 2's lighting all from simple, powerful HyperX NGENUITY Software.

Specifications

Product Code	872V1AA
--------------	---------

Box contents

What's in the box	HyperX QuadCast 2 USB Microphone, 3m USB-C to USB-C cable, USB-C to USB-A adapter, Quick Start Guide.
-------------------	---

Connectivity and communications

Connection type	USB-C, 3.5mm headphone output
-----------------	-------------------------------

USB specification	USB 2.0 (full speed)
-------------------	----------------------

Weights

Weight	Weight (Microphone) 335 g
	(Shock mount and stand) 137 g
	(Microphone stand) 273 g
	Total Weight (with cable) 819 g.

Battery and power

Power consumption	5V 240mA (all lights on)
-------------------	--------------------------

Power output maximum	>=7mW
----------------------	-------

Impedance	1 ohm
-----------	-------

Appearance

Color	Black
-------	-------

Light effects	16 zones
---------------	----------

Lighting	Red
----------	-----

Multimedia and input devices

Bit-depth	16-bit, 24-bit
-----------	----------------

Cable type	USB-C to USB-C with USB-A adapter
------------	-----------------------------------

Element	Three 14mm electret condenser capsules
---------	--

Frequency response (headphone)	20Hz - 20kHz
--------------------------------	--------------

High-pass filter	-3dBf@75Hz, -12dB/Oct
------------------	-----------------------

Noise (RMS) (headphone)	<=-110dBV (A-weighted)
-------------------------	------------------------

Noise (RMS) (microphone)	<=-77dBV (A-weighted)
--------------------------	-----------------------

Polar pattern	Cardioid, omnidirectional, stereo, bidirectional
---------------	--

Sampling rates	44.1kHz, 48kHz, 96kHz
----------------	-----------------------

Sensitivity (microphone)	-7.5dB (1V/Pa at 1kHz)
--------------------------	------------------------

Signal-to-noise ratio	>= 100dB (at 1kHz/0dBFS, A-weighted)
-----------------------	--------------------------------------

Total harmonic distortion	<= 0.05% (1kHz/0dBFS)
---------------------------	-----------------------
