Overview:

Port Connect Silent 1600DPI 3 Button Wireless Mouse in black is designed for quiet, comfortable productivity across modern workspaces. Its ambidextrous shape suits both left and right handed users, while silent click technology helps reduce noise in shared offices, libraries, or home environments. With a precise optical sensor offering adjustable sensitivity up to 1600 dpi and reliable 2.4GHz wireless performance reaching up to 20 metres, this mouse delivers smooth control without cables getting in the way. Plug and play setup and broad system compatibility make it easy to move between devices, whether you are working on a laptop, desktop, or tablet.

Description:

The Port Connect Silent Wireless Mouse combines quiet operation, adjustable precision, and wide device compatibility in a lightweight, ergonomic design. Built for everyday work, it offers smooth tracking, responsive control, and simple wireless connectivity using both USB-A and Type-C, making it a practical choice for modern users who value comfort and flexibility.

Features:

Quiet Control for Everyday Work
Designed to minimise distraction, the silent click buttons allow you to stay focused while working around others. The lightweight build and balanced shape reduce hand fatigue during long sessions, making it suitable for extended office tasks, study, or travel use.

Key highlights include:

- Silent click buttons for reduced noise during use
- Three adjustable sensitivity levels for accurate cursor control
- Ergonomic ambidextrous design that feels comfortable in either hand

Wireless Freedom and Easy Setup
Using stable 2.4GHz wireless technology, this mouse maintains a dependable connection at distances of up to 20 metres. Installation is straightforward, with no software required, so you can get started immediately after plugging in the receiver.

Connectivity and usability benefits:

- Reliable 2.4GHz wireless connection with up to 20m range
- USB-A receiver with included USB-A to Type-C converter

- Plug and play operation with no drivers needed

Wide Device Compatibility
The included converter ensures compatibility with a wide range of modern and legacy devices. This makes the mouse a convenient option for users who switch between systems or use newer laptops with Type-C ports.

Supported platforms include:

- Windows
- Mac OS
- Chrome OS
- Android devices with USB-A or Type-C
