Port Desk Mount Monitor Display Arm

Product Overview

PORT Monitor Arm VESA Single Screen - Black

Specifications

Overview:

This product is a display arm for one monitor, with wide screen compatibility (up to 32"). The arm is fully articulated for optimal positioning. It supports heavy screens up to 8kg. Its ergonomic design helps reduce musculoskeletal disorders. The passage of the cables inside the arm frees up space on the workstation.

You have the possibility to orient your screen as you see fit (portrait or landscape). Installation is quick thanks to its removable VESA mount (100x100mm and 75x75mm). There are two methods of desktop installation: clamp or grommet base.
