Buy now from our website for a reliable cable routing solution and quick delivery in South Africa.

Overview Summary

Goobay 90781 Black 33mm Cable Duct Corner Connection

The Goobay 90781 cable duct corner connection is designed to seamlessly join and extend cable trunking systems around corners. Its durable black finish blends well with most modern interiors, making it ideal for both residential and commercial cable management setups.

This connector helps maintain an organized and professional cable layout by ensuring smooth transitions between duct sections. It is easy to install and compatible with standard 33mm cable ducts, making it a practical accessory for electricians, installers, and DIY users.

Performance tier:Standard utility

Uses:cable management, duct extension, corner routing, home wiring, office installations

Description

The Goobay 90781 Black Cable Duct Corner Connection is a functional accessory designed to enhance cable management systems by enabling smooth directional changes in cable ducts. It allows cables to be routed cleanly around corners without bending or damaging the ducting structure, ensuring both safety and aesthetic appeal.

Constructed with durability in mind, this corner connector is suitable for both home and office environments where structured cable organization is essential. Its compact 33mm size ensures compatibility with standard cable trunking systems, while the

black finish provides a discreet and professional look.

Whether used in networking setups, entertainment systems, or electrical installations, this connector contributes to a tidy and efficient cable routing solution. It is ideal for installers looking to achieve a polished and organized result.

FAQ

What is the Goobay 90781 used for?

This product is used to connect cable ducts at corners, allowing cables to be routed neatly around bends without disrupting the cable management system.

Is this compatible with all cable ducts?

The connector is designed for 33mm cable ducts, so compatibility depends on matching duct size and design.

Can it be used for home installations?

Yes, it is ideal for home setups such as TV cables, networking, or power cable routing where a clean and organized appearance is required.

Is installation difficult?

No, the connector is easy to install and suitable for both professional installers and DIY users.
