Features:

Durable, Practical Style

ROG Ranger BP1500 Gaming Backpack is a lightweight laptop carry case embellished with futuristic cyber-text interpretations of the iconic Republic of Gamers brand name and logo. The Ranger BP1500 is made of a sleek, durable 900D polyester that repels water and is great at resisting scratches. Military-inspired corner guards prevent fraying, keeping both Ranger BP1500 and your laptop protected from everyday knocks and bumps.

Expand Your Storage Expectations

Ranger BP1500 offers a 16-liter storage capacity and great flexibility. Along with a large, padded pouch that accommodates a 15.6-inch laptop, there's a second cushioned pocket for a 10-inch tablet. These tailored sleeves limit movement, providing snug protection for one or both devices. There's also a large front zipped pocket for miscellaneous gear. This additionally conceals three internal slip pouches for two pens and an up to 6.2-inch smartphone.

Cool, Adjustable and Secure Comfort

The Ranger BP1500 has an articulated back support that's enrobed in air mesh to keep you cool and comfortable as you travel. Adjustable padded shoulder straps ensure a secure fit, while loops woven into the webbing offer additional battleground-inspired carry capability. A built-in luggage strap adds another layer of everyday convenience, enabling you to quickly secure the Ranger BP1500 to another case or luggage trolley.
