Logitech G700 Gaming Mouse

Product Overview

Logitech G700 Wireless Mouse - Contoured Comfort Shape, 13 Programmable G-Keys, 5700dpi Gaming Laser, LED Indicator, Data Over Cable, USB Nano Receiver, Rechargeable

Specifications

Overview:

- Control you can feel: You've got 13 precisely placed, programmable controls to perform single actions and complex macros.
- Comfort is king: With natural curves that support your hand you can play comfortably and maneuver effortlessly for as long as you want.
- Total freedom: There's nothing to slow you down with full-speed, gaming-grade wireless and a quick-connect charging cable.

Features:

- 13 programmable controls with macro capability: Perform either single actions or intricate macros with multiple keystrokes, mouse events, user-defined delays and repeating.
- Individually sculpted buttons: Every button on the G700 is carefully designed and placed to be easily identifiable by touch, so they're right there when you need them but out of your way when you don't.
- Ideal for MMOPRGs: When your guild gets together, you'll have all the control you need to do battle, complete quests and level up your character.
- Natural curves that fit your hand: Your mouse is designed to let you play comfortably and maneuver effortlessly for as long as you want.
- Smooth gliding feet: You can forget sticky workarounds-the low-friction polytetrafluoroethylene feet glide effortlessly across almost any surface.
- Full-speed wireless: 1,000 reports per second give you gaming-grade responsiveness and wireless freedom. You get a steady, powerful connection with no dropouts.
- Rechargeable: You'll always have the power you need. A quick-connect cable lets you plug in fast and continue your campaign without pause.
- Data over cable: Worried about that critical game situation? Playing in a busy wireless environment? With data over cable you always have a backup for reliable connectivity.
- Gaming-grade laser: Game-changing precision at any hand speed. Whether you're zeroing in on one pixel or whipping across a million, the gaming-grade laser gives you hard-to-beat cursor control.
- Onboard memory profiles: You can program up to five profiles for individual players or games (keyboard macros and dpi

settings), so you can play your way on other PCs*-without software installation.

- Plug-and-Forget Nano-receiver: Take it with you-your Gaming Mouse G700 is laptop ready. The tiny receiver can stay plugged in a USB port or stores inside the mouse for when you head to a LAN party.

- Sensitivity switching: You can shift from pixel-precise targeting (200 dpi) to lightning-fast maneuvers (up to 5,700 dpi) in an instant.

- Dual-mode scroll wheel: You get precise click-to-click scrolling that's perfect for weapon selection when you're gaming. Hyper-fast scrolling lets you fly through long Web pages.

- LED display: Your battery power, profile settings and dpi sensitivity are always visible at a glance-without being covered by your hand.

Specifications:

Windows-based PC	Windows XP, Windows Vista or Windows 7
	Powered USB port
	Internet connection for software download
Package Contents	Mouse
	Wireless receiver
	Charging cable
	Receiver extender cable
	User documentation
	* Tested on most popular gaming-mouse pad surfaces. ** Tested on wood-veneer desktop.
Part Number	PN 910-001759
Tracking	Resolution: 200 - 5, 700 dpi
	Image processing: 12 megapixels/second
Responsiveness	USB data format: 16 bits/axis
	USB report rate: Up to 1, 000 reports/second
	Sleep mode: variable
Glide	Dynamic coefficient of friction - Mu (k): .09
	Static coefficient of friction - Mu (s): .14
Durability	Buttons (Left / Right): 8 million clicks
	Feet: 250 kilometers
Max. acceleration	30G* Max. speed: up to 165 inches(4.19 m)/second
