Logitech G400 Optical Gaming Mouse

## Product Overview

Logitech G400 Gaming Mouse - Moulded Right Hand Design, 3600dpi Optical Sensor, DPI Switching Controls, Dual Thumb Buttons, USB

## Specifications

**Overview:**

Set your sights on victory. With a high-precision optical engine, the G400 gives you consistent tracking and precise aiming no matter how fast you move your hand.

**Features:**

**3600 dpi optical engine**
You've got the upper hand with precision targeting and pinpoint accuracy.

**Consistent response ratio**
Physical mouse movements translate to the same amount of cursor movement irrespective of speed:

**1 millisecond report rate**
Your mouse communicates over USB at a blazing-fast 1000 reports per second-as fast as USB can go, and eight times faster than standard USB mice.

**Sculpted comfort grip**
You'll appreciate our legendary, battle-tested shape for a natural grip that will keep you in the game longer.

**Polytetrafluoroethylene feet**
These low-friction feet glide effortlessly across almost any surface and practically eliminate friction to provide smoother movement.

**In-game sensitivity switching**
Shift from pixel-precise targeting (400 dpi) to lightning-fast maneuvers (up to 3600 dpi) without ever having to interrupt play.

**DPI shift**

Immediately switch to a predefined DPI level with a single button press-great for sniping.

**Eight programmable buttons**
Control your game and your mouse's performance with no configuration needed. Or, you can download our Logitech Gaming software and make it work exactly the way you want it to.

**Durable build**
With buttons rated up to 10 million clicks and feet tested to 250 km, this durable mouse will play hard for a long time.

**Advanced software**
You can easily customize your mouse to every game you play with the optional Logitech Gaming Software.

**Specifications:**

| | |
|---|---|
| Brand | Logitech |
| Model | G400 |
| Type | Wired |
| Interface | USB |
| Hand Orientation | Right Hand |
| Tracking Method | Optical |
